

QUICK START GUIDE

Identify a career's reading and math demands in trusted Lexile and Quantile metrics to inform goal setting and career preparedness. hub.lexile.com/career-database

Field and Career Search Option

A screenshot of the Lexile Quantile Career Database search interface. The page has a header with the Lexile Quantile Career Database logo. Below the header, there is a search bar with the placeholder text 'Search by career name or SOC Code ...'. Underneath the search bar, there are two dropdown menus: 'Field' and 'Career'. The 'Field' dropdown is currently set to 'Information Technology'. The 'Career' dropdown is currently set to 'Select one' and is open, showing a list of career options: 'Computer and Information Systems Managers', 'Computers Systems Analysts', 'Computer Programmers', 'Network and Computer Systems Administrators', 'Computer User Support Specialists', and 'Computer Network Support Specialists'. To the right of the 'Career' dropdown is a green 'Search' button. Below the search bar and dropdowns, there is a section titled 'What is the Career Database and how does it work?' with a brief description of the database's purpose and how it uses Lexile and Quantile metrics to inform goal setting and career preparedness.

ENTER FIELD AND CAREER SEARCH CRITERIA

Search for career information with the Field and Career Search:

- First, select a field from the Field drop-down list and then type or select a specific career from the Career drop-down list.
- **Note:** Selecting a Field is required information.
- Click **Search** to view results.

Career Database Results

Field: Information Technology Career: Computer Systems Analysts Search

Results for Computer Systems Analysts
