DIRECT SERVICE COLLABORATION REPORT

Identify all agencies that were involved with your agency in the planning and/or implementation of programs and services for youth and families. Indicate the number of collaborations within each category. (Some categories may have 0 or 1, while others may have 5, 10, or more). The purpose of this is to determine the number of agencies you collaborate with, not the number of programs where collaboration occurred. For example: Under DCF, if you collaborate with Protective Services and Foster Care, you would enter "2" (DCF is broken into 4 distinct categories, so there is a maximum of 4 only in this category). If you worked with the high school on 6 different programs, they are still only counted once as the high school, but if you worked with the high school and 4 elementary schools, that would be 5 total under schools).
