## RETIREMENT PENSION BENEFIT SUSPENSION/REACTIVATION ELECTION FORM

In accordance with post reemployment rules, Connecticut public funds appropriated for education are required be reported. A member of the Connecticut Teachers' Retirement Board (CTRB) receiving retirement benefits from the system may elect to have their retirement pension benefit suspended in order to be employed in a teaching position and receive compensation paid out of public money appropriated for school purposes including salary, health insurance benefits and other employment benefits provided to active teachers employed by such school system. Retirement contributions would not be deducted from the reemployed retirees' salary; nor would service credit be earned based on the reemployment. Once the monthly pension benefit is reinstated, it will be the same as it was prior to reemployment; other than the possible accrual of cost of living adjustments.

Per state law, the member's salary shall be fixed at an amount at least equal to that paid other teachers in the same school system with similar training and experience for the same type of service.

Members who are reemployed for multiple years are not allowed to receive their pension during the period of reemployment including the summer months in between school years. Complete and submit this form by August 1<sup>st</sup>.

Effective July 1, 2017, health insurance from the reemploying board of education is no longer legally required to be offered, but is not prohibited. The member's board of education from where the member retired must continue to offer health insurance.

I, the undersigned, certify that I reviewed the Post Retirement Reemployment Bulletin and I am fully aware of the limitations under State and Federal law for reemployment of retired members in a Connecticut public school teaching assignment. I agree and authorize the Teachers' Retirement Board (TRB) to obtain any information they deem necessary to verify compliance with the Federal and State law requirements regarding my employment in a Connecticut public school. I further agree and authorize the TRB to reduce, suspend or offset against my monthly retirement benefit payment(s) any excess payments, as determined by the TRB, received by me in violation of the Post Retirement Reemployment earning limitations under federal or state law.
