EXECUTIVE ORDER NO. 6

WHEREAS, a civil preparedness proclamation was issued by the Governor on August 25, 2011 due to the severe weather conditions predicted to affect the state;

WHEREAS, Connecticut General Statutes §28-9(a) authorizes and empowers the Governor to modify and suspend in whole or in part, any statute, regulation or requirement or part thereof, whenever the Governor is of the opinion that it is in conflict with the efficient and expeditious execution of civil preparedness functions;

WHEREAS, as a consequence of the severe weather conditions resulting from Hurricane Irene, including torrential rainfall and tropical force to hurricane force winds, the Governor has determined that statutory and regulatory provisions or requirements need to be suspended or modified;

WHEREAS, it is anticipated that the procurement of supplies, materials, equipment and contractual services costing more than \$50,000 will need to be expeditiously accomplished in order to quickly respond to emergency needs and circumstances; and

WHEREAS, shortages or the lack of readily available equipment needed to respond or react to the emergency and its consequences may mean that equipment and appliances meeting or exceeding federal energy conservation standards will not be able to be purchased in a timely manner.
