SOUTH SUDBURY, MASS.

Dear Sir:

Dr. C. J. Nusbaum of this Division expects to make an inspection of the cooperative chestnut planting at your place sometime soon. We have found that considerable time is saved in locating a planting if we have a rough chart showing its location in relation to the different roads and towns, and so it will be appreciated, if you will mail us such directions for finding your planting.

Very truly yours,

G. F. Gravatt
