J. Waldemar Short
Berkeley - Plain Street.

1936 - Received some FP-385 *C. mollissima*
trees from lot sent O. C. Boyd,
Amherst, Mass.

7/3/38 - Trees planted in newly-cut-over woodland
pH 4.8. Trees froze first year; another
spring freeze this year did damage.
Trees mulched and growth satisfactory
during growing season but die back to
roots.

7/14/38 - Will continue the experiment a while
