15 S-8 Japanese-chinkapin hybrid
15 FP-931 " hybrid

1943 — Also has FP-710 Mutual Supply Mollissima
seed which was obtained in 1936

6/30/43 — 500# seed received at Elsberry in April,
1936, and given a number (MI-1870). No
record of source, except that they were
shipped "direct from the Orient." —
Per letter to J. D. Diller.

2/27/45 — "We have several hundred seedlings of
mollissima which were planted in 1937
from seedlings produced at this nursery.
Now 25 feet high (see photo). Collected
about 100 pounds of nuts in addition to
those the squirrels got. — Letter from
H. A. Steavenson to C. A. Reed.
