C. E. Kilgore

4/13/36 20 MAC *Castanea mollissima*

6/9/36 " received 20 sprouts and about 4 or 5 will fail to make it. The others coming out nicely altho I have been troubled with caterpillars eating the folage, but we are controlling them very good now. ... If I could get hold of a few more I would like to have them. I had been planning to set out some of our native stock, but these are much better." Farm 1 mi SE of post office.

4/14/37 - Lost 10 trees due to drought

4/19/37 - 10 FP-462 *C. mollissima*

3/29/38 - 20 MBJ. do.

11/22/39 - Report + map attached
