

CAES

The Connecticut Agricultural Experiment Station

Putting Science to Work for Society since 1875

2017-2018 Seminar Series

123 Huntington Street
New Haven, CT 06511
Britton Laboratory, Jones Auditorium

12:00 noon – 1:00 p.m.

2017

- Thurs., October 12, 2017 **Dr. Charles Vossbrinck**, Department of Environmental Science, CAES, “Genomic Ecology of the Microsporidia”
- Wed., November 1, 2017 **Dr. Jeffrey Ward**, Department of Forestry and Horticulture, CAES, “Crop Tree Management in Fully and Poorly Stocked Stands”
- Tues., November 7, 2017 **Dr. Jie Wang**, Department of Plant Pathology and Ecology, Michigan State University, “Population Genetics and Disease Management of the Soybean Sudden Death Syndrome Pathogen, *Fusarium virguliforme*”
- Wed., November 29, 2017 **Dr. Kirby C. Stafford III**, Department of Entomology, CAES, “The Lone Star Tick in Connecticut: A New Tick and Associated Diseases on the Horizon”
- Wed., December 6, 2017 **Henry Talmage**, Executive Director, CT Farm Bureau Association, “CT Agriculture in 2018: A Discussion of Trends and Analysis by Sector”
- Wed., December 20, 2017 **Juli Gould**, USDA, “Progress Towards Biocontrol of Emerald Ash Borer”

2018

- Wed., January 3, 2018 **Dr. Wade Elmer**, Department of Plant Pathology & Ecology, CAES, “Nanoparticles for Plant Disease Control”
- Wed., January 17, 2018 **Dr. Joseph Pignatello**, Department of Environmental Sciences, CAES, “Roles of Biochar and Other Carbons in Agriculture and Environmental Management”
- Wed., January 31, 2018 **Dr. Carole Cheah**, Valley Laboratory, CAES, “Climate Impacts on Hemlock Woolly Adelgid in the Northeast”

- Wed., February 14, 2018 **Dr. Martin Gent**, Department of Forestry & Horticulture, CAES, “Modeling Translocation and Metabolism in Plants”
- Wed., February 21, 2018 **Yangchao Luo**, UConn, “Nanoscale Oral Delivery Systems Made from All Natural Ingredients and Their Potential Applications in Functional Foods”
- Wed., February 28, 2018 **Dr. DeWei Li**, Valley Laboratory, CAES, “Update on Ethnomycology: Fungi and Human Beings?”
- Thurs., March 15, 2018 **Dr. Kimberly Stoner**, Department of Entomology, CAES, “Do Plants from Commercial Nurseries Have Pesticides in Their Pollen?”
- Wed., March 28, 2018 **Dr. Scott Williams**, Department of Forestry & Horticulture, CAES, “Tick-borne disease ecology: Concerns for forest and public health alike”
- Wed., April 11, 2018 **Prof. Julia Kuzovkina**, UConn, “Willows Beyond Wetlands: Uses of *Salix* L. Species for Ecosystem Services”
- Wed., April 25, 2018 **Dan Gage**, UConn, “Soil Protists - Enhancing the Growth of Plant Growth Promoting Bacteria”
- Thurs., May 10, 2018 **Dr. Teja Shidore**, Department of Plant Pathology and Ecology, CAES, “Bacterial Toxin-Antitoxin Systems: Implications for Plant Disease?”
- Wed., May 23, 2018 **Dr. Christina Robb**, Department of Analytical Chemistry, CAES, “Select Agent Analysis at CAES”
- Wed., June 20, 2018 **Ms. Clarisse Line**, Ecolab, Toulouse, France, "Impacts and Detection of Carbon Nanotubes on Plants”
