AND SPENCER COUNTY CO-OPERATING

COUNTY AGENT'S OFFICE
PHONE 258

ROCKPORT, INDIANA

October 8, 1930

Mr. C.A. Reed,
Nut Culturist,
Bureau Plant Industry,
U.S. Department of Agriculture,
Washington, D.C.

Dear Mr. Reed,

A letter from Mr. Scott who was county agent here when the chestnut trees were received from the Office of Foreign Plant Introduction says that he does not recall having received these trees, but suggested that I see certain parties here in the county with whom they were likely placed. I will do this at the earliest opportunity, and I will let you hear from me if I learn anything about them.

I came to this county the middle of last October, and was likely here when you made your visit. I regret very much that I did not know you were here for I would have enjoyed a visit with you. If you come this way again I shall be mighty glad to see you. Mrs. Dyer's people expect to be moved back to Thomasville this fall. They spent the last four years at Macon, and the four previous at Americus. It will be nice to hear from the old friends at Thomasville once more, as we had such enjoyable times there years ago.

Hoping to hear from you again,

I am

With kindest regards,

Cyrus L. Dyer
