Re: Notice of Scoping for New Haven Downtown Crossing Phase II

Dear Ms. Chandy:

The Department of Public Health Drinking Water Section's (DWS) Source Assessment and Protection Unit has reviewed the above Notice of Scoping. The subject project is not in a public drinking water supply source water area, but it is within the public water supply service area of the South Central Connecticut Regional Water Authority (RWA PWSID# CT0930011). The Department of Economic and Community Development should consult with the RWA on the locations of water distribution mains and coordinate with the RWA on potential relocation or replacement of water distribution mains within the project area.

If you have any questions regarding these comments, please call me at (860)509-7333.

Sincerely,

A handwritten signature in cursive script that reads "Pat mi".
