Notices in the Environmental Monitor are written and formatted by the sponsoring agencies and are published unedited. Questions about the content of any notice should be directed to the sponsoring agency. Inquiries and requests to view or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read More](#)

No Scoping Notice has been submitted for publication in this edition.

Scoping Notice - Post-Scoping Notice (Need More Time)

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read More](#)

No notice for additional time has been submitted for publication in this edition.

Post-Scoping Notice

A Post-Scoping Notice is the determination by a sponsoring agency, after publication of a Scoping Notice and consideration of comments received, whether an [Environmental Impact Evaluation \(EIE\)](#) needs to be prepared for a proposed State action. [Read More](#)

The following Post-Scoping Notice has been submitted for publication in this edition.

1. Post-Scoping Notice for Major Rehabilitation or Replacement of Bridge No. 01349 (William Cribari Memorial Bridge): Route 136 over Saugatuck River

Municipality where it would be located: Westport

CEPA Determination: On May 17, 2016, the Connecticut Department of Transportation (CTDOT) published a [Notice of Scoping](#) to solicit public comments for this proposed action in the *Environmental Monitor*.

A public scoping meeting was held on June 15, 2016 at the Westport Town Hall Auditorium. [Several comments were received](#) at the Public Scoping Meeting and during the public comment period. After consideration of the comments, CTDOT formed a Project Advisory Committee (PAC), consisting of various community organizations, in order to obtain critical input from a range of perspectives, help identify any community concerns, and help identify any potential alternatives. Since this time, CTDOT has determined **to proceed with the preparation of an Environmental Impact Evaluation (EIE)**. Comments will be addressed within the EIE.

CTDOT's webpage for the project, which contains project press releases, PAC information, information regarding project meetings, and various project documents/ reports, can be accessed by clicking [here](#).

What Happens Next: CTDOT expects the proposed action to go forward, and the EIE will be published in a future edition of the *Environmental Monitor*. Currently, it is expected that the EIE will be circulated for public review and appear in the *Environmental Monitor* in early 2021.

EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts. This is called an [Environmental Impact Evaluation \(EIE\)](#). [Read More](#)

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency's findings in the EIE, and any comments received on that evaluation. [Read More](#)

No Record of Decision Notice has been submitted for publication in this edition.

OPM's Determination of Adequacy

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, the Office of Policy and Management (OPM) will determine if the EIE is adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read More](#)

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer Notice

Connecticut General Statutes [Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the process.](#)

***E-Mail submissions are preferred.**

(Comments from state agencies must be on agency letterhead and signed by agency head. Scanned copies are preferred.)

What Happens Next:

When this comment period closes, the proposed land transfer can take one of three tracks:

1. If no public comments are received, the sale or transfer can proceed with no further public comment and no further notices in the Environmental Monitor, unless the Department of Energy and Environmental Protection (DEEP) elects to conduct a review of the property (see #3).

2. If public comments are received, the Office of Policy and Management (OPM) will respond to those comments. The comments and responses will be published in the Environmental Monitor. Fifteen days after publication of the comments and responses, the proposed sale or transfer can proceed, unless DEEP elects to conduct a review of the property (see #3).
3. If DEEP elects to conduct a further review of the property, it may submit to OPM a report with recommendations for preserving all or part of the property. The report and recommendations will be published in the Environmental Monitor, and there will be a 30-day public comment period. The DEP will publish its responses to any comments received and its final recommendation about the property in the Environmental Monitor. OPM will then make the final determination as to the ultimate disposition of the property, and will publish that determination in the Environmental Monitor. Fifteen days after publication of that final determination, the sale or transfer can proceed.

To find out if this proposed transfer is the subject of further notices, check future editions of the Environmental Monitor. [Sign up for e-alerts](#) to receive a reminder e-mail on Environmental Monitor publication dates.
