Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read More](#)

The following Scoping Notices have been submitted for publication in this edition.

1. Notice of Scoping for Webster Block Project

Address of possible location: 55 Martin Luther King Jr. Drive

Municipality where proposed action might be located: Norwalk

Project Description: The Municipal Brownfield Grant will be used to remediate the contaminated soil under a 4.97-acre, city-owned parking lot named Webster Block, located at 55 Martin Luther King Jr. Drive. This remediation will enable the development of 472 mixed-income residential units, 40,000 square feet of commercial space, and 1,159 structured parking spaces. The redevelopment project also includes a 16,500 square foot pedestrian-only alley to be lined with restaurants, cafes, and a 25,000 sq. ft. public park.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **July 6, 2023**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **June 16, 2023**.

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

2. Notice of Scoping for Capitol Area System (CAS) Central Plant Upgrades (Revised)

Address: 490 Capitol Ave
Municipality: Hartford

Project Description: The Capitol Area System (CAS) central plant, formerly the Capital District Energy Center Cogeneration Associates (CDECCA) plant, was originally constructed in 1988 as a privately-owned and operated natural gas fired powerplant used to provide peaking energy to the ISO New England power market and to provide hot and chilled water to the CAS thermal loop. The CAS loop circulates hot and chilled water produced by the central plant through a three-mile network of underground pipes to provide heating and cooling for the fifteen (15) state, private, and non-profit facilities currently connected to the loop.

Historically, the state contracted with CDECCA to supply hot and chilled water from their facility to serve the CAS thermal loop. In 2019, in response to escalating costs, the Department of Administrative Services (DAS) conducted a study to evaluate economically feasible options for the continued operation of the thermal loop and

its corresponding central plant operations that included maintaining the current arrangement with CDECCA, the state purchasing and renovating the existing facility, and the state building a new thermal energy facility.

Based on that study, it was determined that the option to purchase and renovate the existing facility was the most feasible option and would also allow the state to undertake upgrades and improvement to assist in meeting the goals identified in the Governor's Executive Order (EO) # 1 and # 21-3. In 2021, the power generation function of the central plant was decommissioned, and the state purchased the facility in 2022 to continue to provide hot and chilled water to the facilities on the CAS thermal loop.

DAS is in the process of conducting a CAS Decarbonization Study to define, develop, and assess options for upgrading the CAS operations, including an evaluation of both supply and demand side options, and is seeking public comment. DAS is not seeking to restore the facility as power generating station.

Supply side options currently being considered include:

1. Hybrid of Heat pumps and electric boilers;
2. 100% electric boilers;
3. 100% heat pumps (ground source or air source);
4. Hybrid of Heat pumps & Natural Gas Condensing boilers that are capable of transitioning to cleaner fuels;
5. 100% Natural Gas Condensing boilers capable of transitioning to cleaner fuels;
6. Other

Demand side options currently being considered include:

1. Reduce loads via energy efficiency at public and private facilities and reduce heating supply temperature;
2. Reduce loads via energy efficiency at public facilities and keep heating supply temperature as is;
3. Maintain existing status quo.

3. Cancellation Notice for Bella Vista Apartments Project

Address of possible location: 501 East Main Street and 65 Main Street

Municipality where it would have been located: Ansonia

Agency Determination: The Department of Economic and Community Development (DECD) has withdrawn funding for the project, as described the last time a notice appeared in the *Environmental Monitor* on **February 7, 2023**, because of issues unrelated to the environmental review requirements of the Connecticut Environmental Policy Act (CEPA). The redevelopment project will proceed as planned without state funding involved.

Agency contact:

Name: William Wallach

Agency: Department of Economic and Community Development

Address: 450 Columbus Boulevard, Suite 5, Hartford, CT 06103

E-Mail: william.wallach@ct.gov

What Happens Next: The state funding for the proposed project is cancelled. Should the project seek state funding from the DECD at a future date, the CEPA process will be initiated again with a new Scoping Notice announcing that intent.

4. Notice of Scoping for Pleasant View Water Main Interconnection Project

Address of possible location: Prospect Hill Road (CT Route 67), Legion Road, Dorwin Hill Road and Pleasant View Road

Municipality where proposed action might be located: New Milford

Project Description: Aquarion Water Company (Aquarion) proposes to interconnect the Aquarion New Milford Regional (PWSID# CT0960011) water system with the Aquarion Pleasant View (PWSID# CT0960301) water system. This proposal includes installation of approximately 4,260 feet (ft) of water main on Prospect Hill Road, 150 ft of new water main on Legion Road, 4,425 ft of new water main on Dorwin Hill Rd, and 70 ft of new water main on Pleasant View Rd. Aquarion proposes that completing the interconnection between the two systems will eliminate existing water quality concerns, increase capacity, improve reliability and ensure an adequate margin of safety for the Pleasant View water system.

8. Notice of Scoping for Oak Woods

Address: 9 Scott Road, Terryville, CT 06786

Municipality: Plymouth

Project Description: Oak Woods is located in Terryville (Plymouth), CT - the development will be built on +/- 8 acres. The proposed 59-unit development will be located at 9 Scott Road. The 59-unit development has already attained site plan approval from the town. In fact, much of the infrastructure (e.g., roads and underground plumbing) already been "roughed-in" by the current owner. Therefore, the project is capable of commencing immediately upon funding. The development will be comprised of all 2-bedroom units. Oak Woods Condominiums will service residents at the 25%, 50%, 80% & market rate rent levels. Moreover, the development will enhance the affordable housing stock in Terryville (Plymouth), CT which currently has 7.73% affordable housing units.

There are no floodplain encroachments on the proposed site. There are wetlands, on the site - the site has received wetland approvals from the Town. CT DEEP opined that wetlands approvals is on the local level - no additional review from CT DEEP regarding wetlands. Utility infrastructure, including the access road off of Scott Road, have been installed to the site. The neighborhood for the proposed Oak Woods is within walking distance to a high concentration of residential related services, including, but not limited to, recreational areas, green spaces, medical facilities, banks, schools, grocery stores, sports facilities, library.

Scoping Notice - Post-Scoping Notice (Need More Time)

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read More](#)

The following notice for additional time has been submitted for publication in this edition.

1. Notice of Time Extension for Post-Scoping Notice for Interchange Improvements to I-91, I-691, and Route 15

Municipalities where proposed action would be located: Meriden and Middletown

Connecticut Environmental Policy Act (CEPA) Determination: On [September 22, 2020](#), the Connecticut Department of Transportation (CTDOT) published a Notice of Scoping to solicit public comments for State Project Nos. 79-240, 79-245, and 79-246 in the *Environmental Monitor*. A virtual CEPA public scoping meeting was held on October 8, 2020. On [January 4, 2022](#), [June 21, 2022](#), and [December 20, 2022](#), CTDOT published notices of time extension for a post scoping notice since further analysis was needed prior to making a final CEPA determination. CTDOT is still in the process of obtaining additional information and is unable to publish its determination regarding this action at this time.

Action Status: CTDOT is awaiting additional information.

Estimated Publication Date: The CTDOT estimates that a Post-Scoping Notice will be published in the *Environmental Monitor* on or before **August 22, 2023**.

1. Post-Scoping Notice for Kensington State Fish Hatchery Solar Project

Project Title: Kensington State Fish Hatchery

Address of Possible Project Location: 120 Old Hatchery Road, Kensington

Municipality where it would be located: Berlin

Connecticut Environmental Policy Act (CEPA) Determination: On December 7, 2021, the Department of Administrative Services (DAS) published a [Notice of Scoping](#) to solicit public comments for this proposed project in the *Environmental Monitor*. DAS published time extension notices on [September 20, 2022](#) and on [May 16, 2023](#) to allow for additional time to evaluate the project.

No public scoping meeting was held.

[Comments](#) were received from the Department of Energy and Environmental Protection (DEEP) during the public comment period. The DAS's responses to the comments received are included in the Environmental Review Checklist linked below.

After consideration of the comments received, the DAS has determined **the project does not require the preparation of an Environmental Impact Evaluation (EIE) under the CEPA**. What Happens Next: The DAS expects the project to go forward. This is expected to be the final notice of the project to be published in the *Environmental Monitor*.

EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts.

This is called an [Environmental Impact Evaluation \(EIE\)](#). [Read More](#)

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency's findings in the EIE, and any comments received on that evaluation. [Read More](#)

No Record of Decision Notice has been submitted for publication in this edition.

OPM's Determination of Adequacy

After an [Environmental Impact Evaluation \(EIE\)](#) and record of decision are developed, the Office of Policy and Management (OPM) will determine if the EIE and the associated process are adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read More](#)
