

June 17, 2025

Scoping Notice

- **REVISED (2)** - Notice of Scoping for Town of Griswold Route 164 Water Line Extension, Griswold.
- Notice of Scoping for Connecticut Valley Hospital (CVH) Solar Project at Eddy Home, Middletown.
- Notice of Scoping for Building a Southeastern CT Regional Compositing Facility, Preston.
- Notice of Scoping for Regional Composting Facility and Recycling Infrastructure, Kent and Ridgefield.
- Notice of Scoping for Regional Composting Facility and Recycling Infrastructure, Manchester.
- Notice of Scoping for 2980 State Street, Hamden.
- Notice of Scoping for UConn Boathouse Relocation, Coventry.
- **NEW!** - Notice of Scoping for Winward Apartments, Bridgeport.

Scoping Notice - Post-Scoping Notice (Need More Time)

No notice for additional time has been submitted for publication in this edition.

Post-Scoping Notice

No Post-Scoping Notice has been submitted for publication in this edition.

Environmental Impact Evaluation (EIE)

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

No Agency Record of Decision Notice has been submitted for publication in this edition.

OPM Determination of Adequacy

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer

No State Land Transfer Notice has been submitted for publication in this edition.

The next edition of the Environmental Monitor will be published on **July 8, 2025**.

[Subscribe](#) to e-alerts to receive an e-mail when the Environmental Monitor is published.

Notices in the Environmental Monitor are written and formatted by the sponsoring agencies and are published unedited. Questions about the content of any notice should be directed to the sponsoring agency.

Inquiries and requests to view or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read More](#)

The following Scoping Notices have been submitted for publication in this edition.

Revised Notice of Scoping for the Town of Griswold Route 164 Water Main Extension

Revised: The public comment period for the proposed action has been extended for an additional two weeks. The new date will be **June 19, 2025**.

Addresses of possible locations: Preston Road (State Route 164) and Barber Road

Municipality where proposed action might be located: Town of Griswold

Project Description: The Department of Economic and Community Development (DECD) will be partially funding this project with Community Investment Fund (CIF) - Round 3 grant funds. It will be used by the Town of Griswold to construct 3,800 linear feet (LF) of 12-inch ductile iron pipe on Preston Road (Route 164) with a bridge crossing of Interstate 395 to connect with the Jewett City Water Company's existing drinking water distribution system. The grant funding will also be used to construct and install a 500,000-gallon multi-column elevated water storage tank off Barber Road with a submersible mixer and level control, as well as 2,300 LF of 12-inch HDPE pipe to the multi-column water storage tank and 600 LF of 12-inch ductile iron pipe on Barber Road. This work is being done to provide water service to proposed developments in the area.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **June 19, 2025**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **May 2, 2025**.

Additional information about the project can be viewed in person at the Town of Griswold Town Hall, 28 Main Street, Jewett City, CT 06351 and online at: <https://www.griswold-ct.org>

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Cynthia van Zelm, Economic Community Development Agent
Agency: Department of Economic and Community Development
Address: 450 Columbus Boulevard, Suite 5, Hartford, CT 06103
E-Mail: cynthia.vanzelm@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Carlos Badiola, Staff Attorney

Agency: The Department of Economic and Community Development

Address: 450 Columbus Blvd 5th Floor, Hartford CT 06103

E-Mail: carlos.badiola@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Connecticut Valley Hospital (CVH) Solar Project at Eddy Home

Address of possible location: 1000 Silver Street

Municipality where proposed action might be located: Middletown, CT

Project Description: The Connecticut Department of Mental Health and Addiction Services (DMHAS), in partnership with the Connecticut Green Bank (CGB), plans to install a solar photovoltaic (PV) system on grounds adjacent to the Eddy Home at CVH. The ground-mounted system will consist of 4,160 modules that will produce approximately 2.58 megawatts (MW) and will occupy an area of about 375,000 square feet.

The project site was selected as part of the state's effort to reduce energy costs. DEEP and Connecticut Green Bank are working together in conjunction with various state agencies to develop and install energy saving solar projects throughout the state.

Project Maps: [Click here](#) to view a map of the project area. [Click Here](#) to view conceptual map of the solar installation.

Written comments from the public are welcomed and will be accepted until the close of business on **June 20, 2025**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **May 30, 2025**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Loretta Eisler

Agency: Department of Mental Health and Addiction Services

Address: CVH, 1000 Silver Street, Engineering Services - Shew Hall, Rm. 220, Middletown, CT 06457

E-Mail: Loretta.Eisler@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Loretta Eisler

Agency: Department of Mental Health and Addiction Services

Address: CVH, 1000 Silver Street, Engineering Services - Shew Hall, Rm. 220, Middletown, CT 06457

E-Mail: Loretta.Eisler@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Building a Regional Composting Facility for Southeastern Connecticut

Address of possible location: 132 Military Highway (Route 12), Preston, CT 06365

Municipality where proposed action might be located: Preston

Project Description: Utilizing a grant award from the State of Connecticut Department of Energy and Environmental Protection (DEEP) through its Materials Management Infrastructure Grant Program, the Southeastern Connecticut Regional Resources Recovery Authority (SCRRA) proposes to construct and operate the first large-scale aerobic food waste composting facility in southeastern Connecticut, fulfilling an infrastructure need in an historically underserved region. The facility will utilize an innovative hybrid compost system, combining aerated static pile (ASP) processing with open windrows for curing, resulting in quicker composting times and reduced

operational costs. The facility will be situated on approximately six acres of land owned by the Authority at 132 Military Highway (Route 12) in the town of Preston. It is anticipated that the volume of source-separated organics diverted will be approximately 5,500 tons per year, and the anticipated volume of wood waste diverted will be approximately 8,500 tons per year.

Local zoning approval for the facility has been acquired, and the required state-level solid waste permit application is currently under review by DEEP. A robust environmental justice public participation plan has also been developed and approved by DEEP, in consideration of Preston's status as a distressed municipality.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **Thursday, June 19, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **Friday, May 30, 2025.**

Additional information about the project can be viewed in person at 79 Elm Street, Hartford CT, and online at: [MMI Grant Page](#)

Written comments and/or requests for a public scoping meeting should be sent to

Name: Michael T. Looney

Agency: Department of Energy and Environmental Protection

Address: 79 Elm Street, Hartford CT. 06106

E-Mail: Michael.Looney@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Michael T. Looney

Agency: Department of Energy and Environmental Protection

Address: 79 Elm Street, Hartford CT 06106

E-Mail: Michael.Looney@ct.gov

What Happens Next: The sponsoring agency will proceed with preparation of an Environmental Impact Evaluation (EIE). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Regional Composting Facility and Recycling Infrastructure

Addresses of possible locations: 38 Maple Street, Kent CT, 06757; 55 South Street, Ridgefield CT

Municipalities where proposed action might be located: Kent, Ridgefield

Project Description: Utilizing a grant award from the State of Connecticut Department of Energy and Environmental Protection (DEEP) through its Materials Management Infrastructure (MMI) Grant Program, the Housatonic Resources Recovery Authority (HRRA) proposes to site an in-vessel composting unit at the Kent transfer station where food scraps are collected. The in-vessel unit will be solar powered. HRRA believes that municipalities can create a closed-loop sustainable composting system to manage food waste locally, reducing the carbon footprint of offsite disposal and contributing to the waste diversion goals of the state. On behalf of Kent, the HRRA is currently in discussions to expand collection with neighboring adjacent, non-HRRA member communities to bring their material for processing therefore expanding the municipalities being served beyond HRRA. In addition, food scraps collected from the satellite metroSTOR containers in the Northern HRRA region will be transported to the Kent transfer station, rather than trucking to more distant processing facilities. This infrastructure will improve, expand, and provide waste reduction for organics management services to this part of the region and beyond. In addition, this will significantly reduce the carbon footprint of food scraps collection and reduce the operating cost to the Town.

HRRA also proposes site upgrades at the Ridgefield HRRA Regional Transfer Station that will enable the facility to significantly increase waste collection capacity by expanding the volume and types of waste diverted from the MSW waste stream. These upgrades will make possible designated collection areas for construction and demolition and MSW bulky waste materials, establishing a new regional Reuse Exchange Shop for reusable bulky waste and construction and demolition waste, expansion of programs for food scraps, cooking oil, plastic film, existing Extended Producer Responsibility programs for cylinders and tires, and housing a plastic film baler and bales which support new regional plastic film collection points within HRRA region.

Project Maps: [Kent Proposed Activity Location](#); [Ridgefield Proposed Activity Location](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **Thursday, June 19, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **Friday, May 30, 2025.**

Additional information about the project can be viewed in person at 79 Elm Street, Hartford CT and online at: [MMI Grant Program Page](#)

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Micheal.Looney@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Michael.Looney@ct.gov

What Happens Next: For the HRRR Kent project, DEEP will likely prepare an Environmental Impact Evaluation (EIE). For HRRR Ridgefield, DEEP will make a determination whether to proceed with preparation of an EIE or that the project does not require an EIE under CEPA. A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Regional Composting Facility and Recycling Infrastructure

Addresses of possible location: 263 and 311 Olcott Street, Manchester CT 06040

Municipality where proposed action might be located: Manchester

Project Description: Utilizing a grant award from the State of Connecticut Department of Energy and Environmental Protection (DEEP) through its Materials Management Infrastructure (MMI) Grant Program, the Town of Manchester proposes to construct a food waste receiving and processing facility to manage collected food wastes, which will be Phase I of a proposed food scrap recycling program. The facility will be sized to process food scraps from the municipal collection program as well as other municipal, institutional, residential, retail, wholesale, and commercial sources; it is anticipated that this facility will serve as a regional food waste collection point for municipalities east of the Connecticut River.

The Town also proposes the construction of an aerated static pile (ASP) composting facility to compost collected food waste with leaves and mixed yard waste. This facility will be Phase II of a proposed onsite food scrap recycling program. Presently, it is anticipated that the ASP facility could manage up to 2,000 tons per year of food waste but will also be expandable to manage future demand. Finally, the Town proposes the procurement and installation of new equipment to collect and process (i.e., bale) residential plastic film collected at our transfer station as well as from municipalities in the region.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **Thursday, June 19, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **Friday, May 30, 2025.**

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Michael.Looney@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection

Address: 79 Elm Street, Hartford CT 06106

E-Mail: Michael.Looney@ct.gov

What Happens Next: The sponsoring agency will proceed with preparation of an Environmental Impact Evaluation (EIE). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for 2980 State Street

Address of possible location: 2980 State Street, Hamden, CT 06517

Municipality where proposed action might be located: Hamden

Project Description:

The proposed project at 2980 State Street, Hamden has three parts: One, a 64-unit new construction, 100% affordable rental housing development proposed by an experienced affordable housing developer. Two, a Community Hub Space for local non-profit agencies to provide educational and empowerment programming. Three, Pedestrian and Streetscape Improvements along State Street.

One, Affordable Housing: There will be 64 apartments in three buildings on a 4.9-acre parcel, all affordable to households below 30%, 50%, and 60% of Area Median Income (AMI) plus one superintendent's apartment. The development will include 30 one-bedroom apartments, 32 two bedroom apartments, and 2 three-bedroom apartments, common spaces for community gatherings and laundry, management offices, a community hub facility, and 84 parking spaces. 16 units will be supportive housing units, with additional accessibility features: 3 apartments for disabled homeless individuals (Section 811 Program) and 13 units for individuals with Intellectual or Developmental Disabilities (IDD) receiving support from Mid-State ARC, an experienced service provider, with funding and rental assistance from the Connecticut DDS.

Two, Building #2 will include a 1,562 square foot Community Hub facility for local community organizations to utilize. This space will give agencies a zero-cost space to provide empowerment education and job training, in the Hamden community. The development will also partner with Meals on Wheels funded by the Connecticut Department of Developmental Services.

Three, the Pedestrian and Streetscape Improvements. To address a lack of basic pedestrian infrastructure along State Street, the application includes funds for improvements such as crosswalks, pedestrian protection devices, sidewalks, and bus shelters on both sides of State Street to address pedestrian safety concerns and provide easier access to CT Transit bus route (224). These improvements along State Street will enhance access and safety for all residents, employees of nearby commercial buildings and senior citizens in the direct neighborhood. There are no known environmental issues at this site. An existing residential structure will be demolished at this site in preparation for the proposed development.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **June 20, 2025**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **May 30, 2025**.

Written comments and/or requests for a public scoping meeting should be sent to

Name: Mithila Chakraborty, Ph.D.

Agency: Connecticut Department of Housing

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, Ph.D.

Agency: Connecticut Department of Housing

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for the UConn Boathouse Relocation Project

Address of possible location: 44 Lake Street

Municipality where proposed action might be located: Coventry

Project Description: The University of Connecticut (UConn) seeks to establish a new boathouse for its women's rowing team. The existing training and boat storage facility, located approximately 0.15 miles to the south at Patriots Park, was built in 1987, requires significant maintenance, possesses challenges to operations, and does not comply with standards of The Americans with Disabilities Act (ADA).

The proposed boathouse will be situated on 1.5 acres of private land to be purchased by UConn, located at 44 Lake Street with approximately 80 feet of shoreline access to Coventry Lake. There is also an existing ~11,000 square foot (SF), single-story vacant building in various stages of disrepair that will require some demolition and renovation to provide secure boat storage, appropriate locker room space, and bathrooms. Site improvements will include a gravel boat hauling area, parking improvements along Woodland Street, and a seasonal modular dock. The total project footprint will occupy approximately 0.9 acres.

Known as the "UConn Boathouse Relocation Project," the Proposed Action to be assessed under the Connecticut Environmental Policy Act (CEPA) process will include the following:

Demolition of ~2,500 SF of unstable structure and ~1,700 SF addition of new structure;
Interior renovations and exterior improvements including secure equipment storage areas, locker rooms, bathrooms, and parking;
UConn will incorporate comments from a public scoping meeting and evaluate the Proposed Action. Direct, indirect, and cumulative impacts associated with the Proposed Action will be assessed.

Project Maps: [Click here](#) to view the general location of the property and [here](#) for an approximate boundary of the project.

Written comments from the public are welcomed and will be accepted until: **5pm EDT on June 19, 2025**

There will be a public scoping meeting for this proposed action:

DATE: June 2, 2025

TIME: 6pm EDT

PLACE: Virtual

NOTES: Participants must register for the meeting in advance at us06web.zoom.us/join/US06WZLN2OnWHuM125cQ. After registering, a confirmation email will be sent containing information about joining the meeting (including an option to join by phone). A copy of the presentation and a link to the recording will be available at updc.uconn.edu/boathouse following the meeting.

Written comments and/or requests for public scoping meeting accommodations or materials should be sent to:

Name: Antoaneta Fedeles AIA, PMP, LEED AP

Agency: University Planning, Design & Construction

Address: 3 Discovery Drive, U-6038, Storrs, CT 06269

E-Mail: antoaneta.fedeles@uconn.edu

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to: publicrecords.uconn.edu/make-a-reqst/

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the Environmental Monitor and at updc.uconn.edu/boathouse.

Notice of Scoping for Winward Apartments

Address of possible location: 20 Johnson Street, Bridgeport, CT 06604

Municipality where proposed action might be located: Bridgeport/Connecticut

Project Description:

Windward Development Associates II, LLC ("Windward"), in collaboration with The Housing Authority of the City of Bridgeport ("HACB") d/b/a Park City Communities ("PCC"), with support from the City of Bridgeport, is spearheading the revitalization of Marina Village. Originally constructed in the 1940s, Marina Village was a 406-unit public housing development spanning 38 buildings in Bridgeport's

South End neighborhood. Over the decades, the property has become run down and obsolete, adversely affecting the surrounding area. This revitalization project aims to replace these blighted structures with safe, sustainable, and resilient housing, addressing the critical shortage of quality affordable housing in Bridgeport.

The proposed Phase II development will transform approximately 1 acre of the larger 16-acre site into a mixed-use, mixed-income community. This phase will include a four-story building featuring approximately 51 affordable housing units in a variety of configurations, including 1- to 3-bedroom flats and townhouses. Designed for energy efficiency and cost-effective construction, the building will provide modern living arrangements with contemporary finishes. Residents will also benefit from access to amenities such as a community health facility operated by Southwest Community Health Center and well-appointed community spaces.

The revitalization project integrates long-term urban planning objectives, including rezoning efforts in collaboration with the City of Bridgeport, to allow for increased density and mixed-use development. This includes the creation of commercial and retail spaces alongside housing for residents at multiple income levels. These efforts are part of a broader master plan aimed at stabilizing the neighborhood and fostering economic growth, attracting future public and private investment.

The overall project will leverage a diverse array of funding sources, including Low Income Housing Tax Credits (LIHTCs) from CHFA, CT DOH Flex funding, HUD support, and other local and state contributions. Additionally, \$10 million in HUD Rebuild by Design funds will support the construction of a state-of-the-art resiliency center nearby, providing critical resources such as a food bank and community space. Together, the housing and resiliency center will serve as cornerstones of the community, enhancing safety and quality of life while promoting sustainable development.

By creating a vibrant, sustainable, and inclusive community, the Windward Apartments project will not only address the health and safety concerns of its residents but also catalyze positive change in the South End neighborhood, benefiting the entire Bridgeport community.

Project Phasing Overview:

The Windward redevelopment is being executed in up to five distinct phases:

- Phase I has been completed and is fully leased. It includes 54 high-quality residential units along with key community amenities such as a medical facility operated by Southwest Community Health Center, leasing offices, a gym, and other shared community rooms designed to support resident wellness and engagement.
- Phase II is currently in the closing process and pre-construction phase. This phase will deliver 51 affordable units within a single, energy-efficient elevator building. The building will include a mix of 1-, 2-, and 3-bedroom units with modern finishes, along with additional resident amenities and programming space.
- Phase III is in the planning stages and is expected to include 78 residential units across five newly constructed buildings. This phase will continue the master plan's emphasis on high-quality design and diverse unit configurations.
- Phase IV will also include 78 units in five buildings, further expanding the community and continuing the site's transformation into a vibrant, mixed-income neighborhood.
- Phase V, the final phase, is anticipated to deliver 90 residential units across five buildings, completing the overall redevelopment vision for the Windward site and contributing significantly to the affordable housing stock in Bridgeport.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **July 17, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **June 27, 2025.**

Written comments and/or requests for a public scoping meeting should be sent to

Name: Mithila Chakraborty, Ph.D.
Agency: Department of Housing
Address: 505 Hudson Street, Hartford, CT 06106-7106
E-Mail: mithila.chakraborty@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, Ph.D.
Agency: Department of Housing

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Scoping Notice - Post-Scoping Notice (Need More Time)

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read More](#)

No notice for additional time has been submitted for publication in this edition.

Post-Scoping Notice

A Post-Scoping Notice is the determination by a sponsoring agency, after publication of a Scoping Notice and consideration of comments received, whether an [Environmental Impact Evaluation \(EIE\)](#) needs to be prepared for a proposed State action. [Read More](#)

No Post-Scoping Notice has been submitted for publication in this edition.

EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts. This is called an [Environmental Impact Evaluation \(EIE\)](#). [Read More](#)

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency's findings in the EIE, and any comments received on that evaluation. [Read More](#)

No Record of Decision Notice has been submitted for publication in this edition.

OPM's Determination of Adequacy

After an [Environmental Impact Evaluation](#) (EIE) and record of decision are developed, the Office of Policy and Management (OPM) will determine if the EIE and the associated process are adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read More](#)

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer Notice

Connecticut General Statutes [Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the process.](#)

No State Land Transfer Notice has been submitted for publication in this edition.

CEPA Project Inventory

The Office of Policy and Management (OPM) maintains a list of projects that have entered the CEPA process. It shows each project's status. The inventory can be found [here](#).

CEQ Contact Information

All inquiries and requests of the Council should be sent electronically to: ceq@ct.gov.
