Notices in the Environmental Monitor are written and formatted by the sponsoring agencies and are published unedited. Questions about the content of any notice should be directed to the sponsoring agency.

Inquiries and requests to view or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read More](#)

The following Scoping Notices have been submitted for publication in this edition.

Revised Notice of Scoping for the Town of Griswold Route 164 Water Main Extension

Revised: The public comment period for the proposed action has been extended. The new date will be **June 5, 2025**.

Addresses of possible locations: Preston Road (State Route 164) and Barber Road

Municipality where proposed action might be located: Town of Griswold

Project Description: The Department of Economic and Community Development (DECD) will be partially funding this project with Community Investment Fund (CIF) - Round 3 grant funds. It will be used by the Town of Griswold to construct 3,800 linear feet (LF) of 12-inch ductile iron pipe on Preston Road (Route 164) with a bridge crossing of Interstate 395 to connect with the Jewett City Water Company's existing drinking water distribution system. The grant funding will also be used to construct and install a 500,000-gallon multi-column elevated water storage tank off Barber Road with a submersible mixer and level control, as well as 2,300 LF of 12-inch HDPE pipe to the multi-column water storage tank and 600 LF of 12-inch ductile iron pipe on Barber Road. This work is being done to provide water service to proposed developments in the area.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **June 5, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **May 2, 2025.**

Additional information about the project can be viewed in person at the Town of Griswold Town Hall, 28 Main Street, Jewett City, CT 06351 and online at: <https://www.griswold-ct.org>

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Cynthia van Zelm, Economic Community Development Agent

Agency: Department of Economic and Community Development

Address: 450 Columbus Boulevard, Suite 5, Hartford, CT 06103

E-Mail: cynthia.vanzelm@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Carlos Badiola, Staff Attorney

Agency: The Department of Economic and Community Development

Address: 450 Columbus Blvd 5th Floor, Hartford CT 06103

E-Mail: carlos.badiola@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Franklin Water & Sewer Extension

Addresses of possible locations: Murphy Rd and Route 87 in Franklin & Stockhouse Road in Bozrah

Municipalities where proposed action might be located: Franklin and Bozrah

Project Description: The Town of Franklin ("The Town") proposes the construction of a new wastewater pump station on Murphy Rd and expansion of a water main (See Figure 2) to a previously approved project, as detailed in the following paragraph. The town plans on utilizing the \$5 million Urban Act Grant allocated to the Town on March 31, 2022, to help fund the water extension and wastewater pump station construction.

The Route 32 and Murphy Road's water and sewer extension were previously scoped in an Environmental Impact Evaluation ("EIE") conducted by the Connecticut Department of Energy and Environmental Protection ("DEEP") in 2017. The Connecticut Office of Policy and Management ("OPM") concurred with the EIE on November 20, 2018, stating that the EIE satisfied the Connecticut Environmental Policy Act requirements.

Summary of proposed project changes: The wastewater pump station will have an average pumping capacity of 12,000 gallons per day. The Route 87 and Stockhouse Road's water main is a new addition and will create a closed water main loop, connecting to an existing water main owned by Norwich Public Utilities on Stockhouse Road in Bozrah. The connection will allow for better flow and reduction of unnecessary maintenance. The water main will be 12" ductile iron pipe. Both the Town of Bozrah and Norwich Public Utilities are supportive of this water main extension.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **May 22, 2025.**

Any person may ask the sponsoring agency to hold a Public Scoping Meeting by sending such a request to the address below. If a meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a Public Scoping Meeting. Such requests must be made by: **May 2, 2025.**

Additional information about the project can be viewed in person at the Franklin Town Hall and online at: [The CT DEEP Website](#)

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Anthony Poon
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Anthony.Poon@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Anthony Poon
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Anthony.Poon@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the Environmental Monitor.

Revised Notice of Scoping for Enfield Station

The scoping notice has been revised to include an additional map of the project site.

Project Title: Enfield Station Brownfield Remediation Project

Address of possible location: 33 North River Street, Enfield, CT

Municipality where proposed action might be located: Enfield, CT

Project Description: The \$4,000,000 grant funds awarded in Round 20 of the Office of Brownfield Remediation and Development Municipal Grant Program will be used by the Town of Enfield for remediation activities on the 3.24-acre site, former home of the Bigelow Carpet Manufacturing Plant, at 33 North River Street in Enfield. The cleanup work will enable the construction of an approximately 160-unit multifamily residential complex and transit-oriented development.

Project Map: [Click Here](#) to view a map of the project area.

NEW! [Click Here](#) to view a map of the project site.

Written comments from the public are welcomed and will be accepted until the close of business on: **5/22/2025.**

Any person may ask the Department of Economic and Community Development to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the Department of Economic and Community Development shall schedule a public scoping meeting. Such requests must be made by: **5/2/2025.**

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Almariet Roberts
Agency: Department of Economic and Community Development
Address: 450 Columbus Boulevard, Hartford, CT
E-Mail: Almariet.Roberts@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the Department of Economic and Community Development:

Name: James Parsley

Agency: Department of Economic and Community Development

Address: 450 Columbus Boulevard, Hartford, CT

E-Mail: James.Parsley@ct.gov

What Happens Next: The Department of Economic and Community Development will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Connecticut Valley Hospital (CVH) Solar Project at Eddy Home

Address of possible location: 1000 Silver Street

Municipality where proposed action might be located: Middletown, CT

Project Description: The Connecticut Department of Mental Health and Addiction Services (DMHAS), in partnership with the Connecticut Green Bank (CGB), plans to install a solar photovoltaic (PV) system on grounds adjacent to the Eddy Home at CVH. The ground-mounted system will consist of 4,160 modules that will produce approximately 2.58 megawatts (MW) and will occupy an area of about 375,000 square feet.

The project site was selected as part of the state's effort to reduce energy costs. DEEP and Connecticut Green Bank are working together in conjunction with various state agencies to develop and install energy saving solar projects throughout the state.

Project Maps: [Click here](#) to view a map of the project area. [Click Here](#) to view conceptual map of the solar installation.

Written comments from the public are welcomed and will be accepted until the close of business on **June 20, 2025**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **May 30, 2025**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Loretta Eisler

Agency: Department of Mental Health and Addiction Services

Address: CVH, 1000 Silver Street, Engineering Services - Shew Hall, Rm. 220, Middletown, CT 06457

E-Mail: Loretta.Eisler@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Loretta Eisler

Agency: Department of Mental Health and Addiction Services

Address: CVH, 1000 Silver Street, Engineering Services - Shew Hall, Rm. 220, Middletown, CT 06457

E-Mail: Loretta.Eisler@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Building a Regional Composting Facility for Southeastern Connecticut

Address of possible location: 132 Military Highway (Route 12), Preston, CT 06365

Municipality where proposed action might be located: Preston

Project Description: Utilizing a grant award from the State of Connecticut Department of Energy and Environmental Protection (DEEP) through its Materials Management Infrastructure Grant Program, the Southeastern Connecticut Regional Resources Recovery Authority (SCRRRA) proposes to construct and operate the first large-scale aerobic food waste composting facility in southeastern Connecticut,

fulfilling an infrastructure need in an historically underserved region. The facility will utilize an innovative hybrid compost system, combining aerated static pile (ASP) processing with open windrows for curing, resulting in quicker composting times and reduced operational costs. The facility will be situated on approximately six acres of land owned by the Authority at 132 Military Highway (Route 12) in the town of Preston. It is anticipated that the volume of source-separated organics diverted will be approximately 5,500 tons per year, and the anticipated volume of wood waste diverted will be approximately 8,500 tons per year.

Local zoning approval for the facility has been acquired, and the required state-level solid waste permit application is currently under review by DEEP. A robust environmental justice public participation plan has also been developed and approved by DEEP, in consideration of Preston's status as a distressed municipality.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **Thursday, June 19, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **Friday, May 30, 2025.**

Additional information about the project can be viewed in person at 79 Elm Street, Hartford CT, and online at: [MMI Grant Page](#)

Written comments and/or requests for a public scoping meeting should be sent to

Name: Michael T. Looney

Agency: Department of Energy and Environmental Protection

Address: 79 Elm Street, Hartford CT. 06106

E-Mail: Michael.Looney@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Michael T. Looney

Agency: Department of Energy and Environmental Protection

Address: 79 Elm Street, Hartford CT 06106

E-Mail: Michael.Looney@ct.gov

What Happens Next: The sponsoring agency will proceed with preparation of an Environmental Impact Evaluation (EIE). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Regional Composting Facility and Recycling Infrastructure

Addresses of possible locations: 38 Maple Street, Kent CT, 06757; 55 South Street, Ridgefield CT

Municipalities where proposed action might be located: Kent, Ridgefield

Project Description: Utilizing a grant award from the State of Connecticut Department of Energy and Environmental Protection (DEEP) through its Materials Management Infrastructure (MMI) Grant Program, the Housatonic Resources Recovery Authority (HRRA) proposes to site an in-vessel composting unit at the Kent transfer station where food scraps are collected. The in-vessel unit will be solar powered. HRRA believes that municipalities can create a closed-loop sustainable composting system to manage food waste locally, reducing the carbon footprint of offsite disposal and contributing to the waste diversion goals of the state. On behalf of Kent, the HRRA is currently in discussions to expand collection with neighboring adjacent, non-HRRA member communities to bring their material for processing therefore expanding the municipalities being served beyond HRRA. In addition, food scraps collected from the satellite metroSTOR containers in the Northern HRRA region will be transported to the Kent transfer station, rather than trucking to more distant processing facilities. This infrastructure will improve, expand, and provide waste reduction for organics management services to this part of the region and beyond. In addition, this will significantly reduce the carbon footprint of food scraps collection and reduce the operating cost to the Town.

HRRA also proposes site upgrades at the Ridgefield HRRA Regional Transfer Station that will enable the facility to significantly increase waste collection capacity by expanding the volume and types of waste diverted from the MSW waste stream. These upgrades will make possible designated collection areas for construction and demolition and MSW bulky waste materials, establishing a new regional Reuse Exchange Shop for reusable bulky waste and construction and demolition waste, expansion of programs for food scraps, cooking oil, plastic film, existing Extended Producer Responsibility programs for cylinders and tires, and housing a plastic film baler and bales which support new regional plastic film collection points within HRRA region.

Project Maps: [Kent Proposed Activity Location](#); [Ridgefield Proposed Activity Location](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **Thursday, June 19, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **Friday, May 30, 2025.**

Additional information about the project can be viewed in person at 79 Elm Street, Hartford CT and online at: [MMI Grant Program Page](#)

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Micheal.Looney@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Michael.Looney@ct.gov

What Happens Next: For the HRRRA Kent project, DEEP will likely prepare an Environmental Impact Evaluation (EIE). For HRRRA Ridgefield, DEEP will make a determination whether to proceed with preparation of an EIE or that the project does not require an EIE under CEPA. A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Regional Composting Facility and Recycling Infrastructure

Addresses of possible location: 263 and 311 Olcott Street, Manchester CT 06040

Municipality where proposed action might be located: Manchester

Project Description: Utilizing a grant award from the State of Connecticut Department of Energy and Environmental Protection (DEEP) through its Materials Management Infrastructure (MMI) Grant Program, the Town of Manchester proposes to construct a food waste receiving and processing facility to manage collected food wastes, which will be Phase I of a proposed food scrap recycling program. The facility will be sized to process food scraps from the municipal collection program as well as other municipal, institutional, residential, retail, wholesale, and commercial sources; it is anticipated that this facility will serve as a regional food waste collection point for municipalities east of the Connecticut River.

The Town also proposes the construction of an aerated static pile (ASP) composting facility to compost collected food waste with leaves and mixed yard waste. This facility will be Phase II of a proposed onsite food scrap recycling program. Presently, it is anticipated that the ASP facility could manage up to 2,000 tons per year of food waste but will also be expandable to manage future demand. Finally, the Town proposes the procurement and installation of new equipment to collect and process (i.e., bale) residential plastic film collected at our transfer station as well as from municipalities in the region.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **Thursday, June 19, 2025.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **Friday, May 30, 2025.**

Name: Michael T. Looney
Agency: Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
E-Mail: Michael.Looney@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Michael T. Looney

Agency: Department of Energy and Environmental Protection

Address: 79 Elm Street, Hartford CT 06106

E-Mail: Michael.Looney@ct.gov

What Happens Next: The sponsoring agency will proceed with preparation of an Environmental Impact Evaluation (EIE). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for 2980 State Street

Address of possible location: 2980 State Street, Hamden, CT 06517

Municipality where proposed action might be located: Hamden

Project Description:

The proposed project at 2980 State Street, Hamden has three parts: One, a 64-unit new construction, 100% affordable rental housing development proposed by an experienced affordable housing developer. Two, a Community Hub Space for local non-profit agencies to provide educational and empowerment programming. Three, Pedestrian and Streetscape Improvements along State Street.

One, Affordable Housing: There will be 64 apartments in three buildings on a 4.9-acre parcel, all affordable to households below 30%, 50%, and 60% of Area Median Income (AMI) plus one superintendent's apartment. The development will include 30 one-bedroom apartments, 32 two bedroom apartments, and 2 three-bedroom apartments, common spaces for community gatherings and laundry, management offices, a community hub facility, and 84 parking spaces. 16 units will be supportive housing units, with additional accessibility features: 3 apartments for disabled homeless individuals (Section 811 Program) and 13 units for individuals with Intellectual or Developmental Disabilities (IDD) receiving support from Mid-State ARC, an experienced service provider, with funding and rental assistance from the Connecticut DDS.

Two, Building #2 will include a 1,562 square foot Community Hub facility for local community organizations to utilize. This space will give agencies a zero-cost space to provide empowerment education and job training, in the Hamden community. The development will also partner with Meals on Wheels funded by the Connecticut Department of Developmental Services.

Three, the Pedestrian and Streetscape Improvements. To address a lack of basic pedestrian infrastructure along State Street, the application includes funds for improvements such as crosswalks, pedestrian protection devices, sidewalks, and bus shelters on both sides of State Street to address pedestrian safety concerns and provide easier access to CT Transit bus route (224). These improvements along State Street will enhance access and safety for all residents, employees of nearby commercial buildings and senior citizens in the direct neighborhood. There are no known environmental issues at this site. An existing residential structure will be demolished at this site in preparation for the proposed development.

Project Map: [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **June 20, 2025**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **May 30, 2025**.

Written comments and/or requests for a public scoping meeting should be sent to

Name: Mithila Chakraborty, Ph.D.

Agency: Connecticut Department of Housing

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, Ph.D.

Agency: Connecticut Department of Housing

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for the UConn Boathouse Relocation Project

Address of possible location: 44 Lake Street

Municipality where proposed action might be located: Coventry

Project Description: The University of Connecticut (UConn) seeks to establish a new boathouse for its women's rowing team. The existing training and boat storage facility, located approximately 0.15 miles to the south at Patriots Park, was built in 1987, requires significant maintenance, possesses challenges to operations, and does not comply with standards of The Americans with Disabilities Act (ADA).

The proposed boathouse will be situated on 1.5 acres of private land to be purchased by UConn, located at 44 Lake Street with approximately 80 feet of shoreline access to Coventry Lake. There is also an existing ~11,000 square foot (SF), single-story vacant building in various stages of disrepair that will require some demolition and renovation to provide secure boat storage, appropriate locker room space, and bathrooms. Site improvements will include a gravel boat hauling area, parking improvements along Woodland Street, and a seasonal modular dock. The total project footprint will occupy approximately 0.9 acres.

Known as the "UConn Boathouse Relocation Project," the Proposed Action to be assessed under the Connecticut Environmental Policy Act (CEPA) process will include the following:

Demolition of ~2,500 SF of unstable structure and ~1,700 SF addition of new structure;
Interior renovations and exterior improvements including secure equipment storage areas, locker rooms, bathrooms, and parking;
UConn will incorporate comments from a public scoping meeting and evaluate the Proposed Action. Direct, indirect, and cumulative impacts associated with the Proposed Action will be assessed.

Project Maps: [Click here](#) to view the general location of the property and [here](#) for an approximate boundary of the project.

Written comments from the public are welcomed and will be accepted until: **5pm EDT on June 19, 2025**

There will be a public scoping meeting for this proposed action:

DATE: June 2, 2025

TIME: 6pm EDT

PLACE: Virtual

NOTES: Participants must register for the meeting in advance at us06web.zoom.us/join/9tJfmo9v66Q. After registering, a confirmation email will be sent containing information about joining the meeting (including an option to join by phone). A copy of the presentation and a link to the recording will be available at updc.uconn.edu/boathouse following the meeting.

Written comments and/or requests for public scoping meeting accommodations or materials should be sent to:

Name: Antoaneta Fedeles AIA, PMP, LEED AP

Agency: University Planning, Design & Construction

Address: 3 Discovery Drive, U-6038, Storrs, CT 06269

E-Mail: antoaneta.fedeles@uconn.edu

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to: publicrecords.uconn.edu/make-a-reqst/

What Happens Next: The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the Environmental Monitor and at updc.uconn.edu/boathouse.

Scoping Notice - Post-Scoping Notice (Need More Time)

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read More](#)

No notice for additional time has been submitted for publication in this edition.

Post-Scoping Notice

A Post-Scoping Notice is the determination by a sponsoring agency, after publication of a Scoping Notice and consideration of comments received, whether an [Environmental Impact Evaluation \(EIE\)](#) needs to be prepared for a proposed State action. [Read More](#)

The following Post-Scoping Notice has been submitted for publication in this edition.

REVISED Post-Scoping Notice for the Business Park North (Roadway Project)

Revised: DECD responses to DEEP and OPM comments.

Project Title: DECD – Community Investment Fund -Business Park North

Addresses of Possible Project Location: 83,97, 105, 111 Taftville-Occum Road; Taftville-Occum Road (Map 19, Block 45, Lot 45); 431, 432, 439, 461 Canterbury Turnpike; 431 Rear Canterbury Turnpike; 180, 207, 253 Lawler Lane; 18 School Avenue; 527 Scotland Road (off) Lawler Lane Rear; Bromley Lane

Municipality where it would be located: Norwich

Connecticut Environmental Policy Act (CEPA) Determination: On 8/8/2023, the Department of Economic and Community Development published a [Notice of Scoping](#) to solicit public comments for this proposed project in the *Environmental Monitor*.

Comments were received during the public comment period from the Department of Energy and Environmental Protection ([DEEP](#)) and the Office of Policy and Management ([OPM](#)). The DECD revised responses to the comments received are here: [Revised Responses Combined - DEEP / OPM](#).

After consideration of the comments received, the DECD has determined the project does not require the preparation of an Environmental Impact Evaluation (EIE) under the CEPA. The agency's conclusion is documented in a [Memo](#) of Findings and Determination and an Environmental Review [Checklist](#).

Agency contact:

Name: Ryan Acosta, Project Manager / Civil Engineer – Office of Community Development

Agency: Connecticut Department of Economic and Community Development

Address: 450 Columbus Boulevard, Hartford, CT 06103

Phone: 860-500-2392

E-Mail: ryan.acosta@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state Agency.

Name: Carlos Badiola, Staff Attorney

Agency: Connecticut Department of Economic and Community Development

Address: 450 Columbus Boulevard, Hartford, CT 06103

E-Mail: Carlos.Badiola@ct.gov

What Happens Next: The DECD expects the project to go forward. This is expected to be the final notice of the project to be published in the *Environmental Monitor*.

EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts. This is called an [Environmental Impact Evaluation \(EIE\)](#). [Read More](#)

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency’s findings in the EIE, and any comments received on that evaluation. [Read More](#)

No Record of Decision Notice has been submitted for publication in this edition.

OPM's Determination of Adequacy

After an [Environmental Impact Evaluation](#) (EIE) and record of decision are developed, the Office of Policy and Management (OPM) will determine if the EIE and the associated process are adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read More](#)

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer Notice

Connecticut General Statutes [Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the process.](#)

No State Land Transfer Notice has been submitted for publication in this edition.

CEPA Project Inventory

The Office of Policy and Management (OPM) maintains a list of projects that have entered the CEPA process. It shows each project's status. The inventory can be found [here](#).

CEQ Contact Information

All inquiries and requests of the Council should be sent electronically to: ceq@ct.gov.

The Adobe Reader might be necessary to view and print Adobe Acrobat documents, including some of the maps and illustrations that are linked to this publication. Acrobat Reader also provides several preferences that make the reading of PDFs more accessible for visually impaired and motion-impaired users. If you have an outdated version of Adobe Reader, it might cause pictures to display incompletely. To download up-to-date versions of the free Reader, click on [Download the free Acrobat Reader](#). This link will also provide information and instructions for downloading and installing the Reader.
