

July 7, 2026

Scoping Notice:

- Notice of Scoping for Lakeview Terrace and Lakewood Heights Interconnection with the South Coventry Public Water System, Coventry.
- Notice of Scoping for Birchwood Heights Interconnection with UCONN – South Eagleville Division Public Water System, Mansfield.
- **NEW!** Notice of Scoping for Notice of Scoping for State & George, New Haven.
- **NEW!** Notice of Scoping for 2 Church Street Development Public Improvements, New Haven.

Scoping Notice - Post-Scoping Notice (Need More Time):

- **NEW!** Notice of Time Extension for Post-Scoping Notice for Oyster Harbor Village, New Haven.
- **NEW!** Notice of Time Extension for Post-Scoping Notice for Golf Practice Facility, Mansfield.

Post-Scoping Notice:

- Post-Scoping Notice for Mason Street East and West, Greenwich.
- Post-Scoping Notice for Judds Homestead, Fairfield.
- Post-Scoping Notice for Hanover Street Residences, Bridgeport.
- Post-Scoping Notice for Cheshire Highland, Cheshire.
- Post-Scoping Notice for 1600 New Britain Avenue, Farmington.
- Post-Scoping Notice for 122 Wilton Road, Westport.
- Post-Scoping Notice for The Elle at North Main, West Hartford.
- Post-Scoping Notice for Horizon View, Montville.
- **NEW!** Post-Scoping Notice for Windward Apartments, Bridgeport.
- **NEW!** Post-Scoping Notice for The Homes at Avon Park, Avon.
- **NEW!** Post-Scoping Notice for Parcel B, Naugatuck.
- **NEW!** Post-Scoping Notice for Windsor Locks Transit-Oriented Development (TOD) - Phases 1 and 2, Windsor Locks.
- **NEW!** Post-Scoping Notice for Mount Pleasant Redevelopment, New Britain.
- **NEW!** Post-Scoping Notice for Church Street Commons, Hebron.
- **NEW!** Post-Scoping Notice for Mary Shepard Place (Phases 1 and 2), Hartford.

Environmental Impact Evaluation (EIE):

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision:

No Record of Decision Notice has been submitted for publication in this edition.

OPM Determination of Adequacy:

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer:

No State Land Transfer Notice has been submitted for publication in this edition.

The next edition of the Environmental Monitor will be published on **July 21, 2026**.

Subscribe to E-alerts  to receive an e-mail when the Environmental Monitor is published.

Notices in the Environmental Monitor are written and formatted by the sponsoring agencies and are published unedited. Questions about the content of any notice should be directed to the sponsoring agency.

Inquiries and requests to view or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read more about the regulations for a Scoping Notice.](#)

The following Scoping Notices have been submitted for publication in this edition.

Notice of Scoping for Lakeview Terrace and Lakewood Heights Interconnection with the South Coventry Public Water System

Addresses of possible action locations: The intersection of South Street and Echo Road, along South Street to the intersection of South Street and Cross Street, along Cross Street and Lake Street North of Monument Hill Road in Coventry, Connecticut.

Municipality where the action might be located: Coventry

Description: The Connecticut Water Company (CTWC) seeks to utilize the Department of Public Health (DPH) Drinking Water State Revolving Fund (DWSRF) to interconnect the Lakeview Terrace and Lakewood Heights public water systems with the South Coventry public water system (Project). The Project scope of work includes the installation of approximately 6,100 feet of new 8" water main along South Street, Cross Street and Lake Street in Coventry, Connecticut. The Lakeview Terrace and Lakewood Heights systems are currently served by sources of supply that are contaminated with PFAS. The proposed interconnection would replace the contaminated sources and provide Lakeview Terrace and Lakewood Heights with a reliable, regulated water supply and ensure long-term compliance with drinking water standards. There are multiple developed properties with onsite water sources, including other public water systems, located along the proposed route of the new water main. The connection of some or all of these properties to the water main is not currently proposed to be within the scope of the project.

Map: [Access a map of the area for Lakeview Terrace and Lakewood Heights Interconnection with the South Coventry Public Water System](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **July 16, 2026**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **June 26, 2026**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Eric McPhee
Agency: Department of Public Health, Planning & Drinking Water State Revolving Fund Section
Address: 410 Capitol Avenue, MS #12DWS, PO Box 340308, Hartford, CT 06134-0308
E-Mail: DPH.SourceProtection@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Agency: Department of Public Health, Hearing Office
[Freedom of Information Act request webpage](#) : https://dphct.govqa.us/WEBAPP/_rs/
Email: DPH.foi@ct.gov
Phone: 860-566-5682

What Happens Next: DPH will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Birchwood Heights Interconnection with UCONN – South Eagleville Division Public Water System

Addresses of possible action locations: The intersection of South Eagleville Road and Storrs Road, along Storrs Road, and west along Birchwood Heights Road to the proposed interconnection point in Mansfield, Connecticut.

Municipality where the action might be located: Mansfield

Description: The Connecticut Water Company (CTWC) seeks to utilize the Department of Public Health (DPH) Drinking Water State Revolving Fund (DWSRF) to interconnect their Birchwood Heights public water system with their University of Connecticut (UConn) South Eagleville Division public water system (Project). The Project scope of work includes the installation of approximately 3,000 feet of new 8" water main beginning at the intersection of South Eagleville Road and Storrs Road, along Storrs Road, and connecting with the Birchwood Heights System (Birchwood) on Birchwood Heights Road in Mansfield, Connecticut. Birchwood is currently served by a public water supply well (Well) that is contaminated with Perfluorooctanesulfonic acid (PFOS). The proposed interconnection between Birchwood and UConn would replace the contaminated Well with a reliable, regulated water supply, and ensure long-term compliance with drinking water standards. The Well would be disconnected from Birchwood and abandoned upon completion of the Project.

Map: [Access a map of the area for Birchwood Heights Interconnection with UCONN – South Eagleville Division Public Water System](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **July 16, 2026**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **June 26, 2026**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Eric McPhee
Agency: Department of Public Health, Planning & Drinking Water State Revolving Fund Section
Address: 410 Capitol Avenue, MS #12DWS, PO Box 340308, Hartford, CT 06134-0308
E-Mail: DPH.SourceProtection@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Agency: Department of Public Health, Hearing Office

Freedom of Information Act request webpage:  https://dphct.govqa.us/WEBAPP/_rs/

Email: DPH.foi@ct.gov

Phone: 860-566-5682

What Happens Next: DPH will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for State & George

Address of possible action location: 253 State Street, New Haven, CT 06510

Municipality where the action might be located: New Haven

Description: Gilbane Development Company and Xenolith Partners are redeveloping the City of New Haven's State & George Street sites. The project consists of State & George (Building A-2), a mixed-use residential building on the on the lot to the southeast of Chapel St and State St intersection. The total Lot area is approximately 43,000 SF (about 0.99 acres). Broader corridor parcels evaluated in environmental work: approximately 2.6 acres, currently used as surface parking lots.

Proposed Program: Approximately 151 residential units (mixed-income; 30% affordable). The Building size is approximately 192,000 gross square feet (GSF) with approximately 5,500 SF of ground-floor retail intended for local businesses/entrepreneurs. There will be two-story structured garage with 77 spaces. Amenities (anticipated) includes courtyard, outdoor pool, coworking space, resident storage, bicycle rooms, lounge, fitness center.

Physical Improvements (Anticipated): Construction of the new mixed-use building and integrated structured parking. Civil/site improvements typical of an urban infill development (grading/drainage, utility connections, circulation, and streetscape coordination). Site plan includes accessible parking and EV charging ready provisions (per the 90% civil plan set).

Demolition: Based on available documentation, all historic buildings on the site were removed and replaced with parking lots by the mid-1970s. Accordingly, demolition is expected to primarily involve removal of existing paved parking-lot improvements and associated subsurface materials within the Phase 1 footprint, rather than demolition of occupied structures.

Known Environmental Issues (Summary): A Phase I Environmental Site Assessment (ESA) identified Recognized Environmental Conditions (RECs) related to historic industrial/commercial uses and nearby leaking underground storage tank (LUST) incidents. Observations include localized impacts in urban fill beneath existing parking lots. RECs / historical sources includes former gasoline stations/USTs, auto repair, laundry, manufacturing uses; and reported LUSTs on adjoining properties. Soils testing found elevated petroleum hydrocarbons (ETPH), PAHs, lead, and arsenic were observed in certain samples. Impacts appear primarily attributable to urban fill. In Groundwater test petroleum hydrocarbons were not detected above reporting limits in sampled wells; only limited trace VOC detections were noted in the summary.

Change in Use: Existing is surface parking lots (for the evaluated parcels). Proposed will be mixed-use residential with ground-floor retail and structured parking, increasing site intensity consistent with transit-oriented infill.

Schedule: Target financial closing/construction start: approximately September 2026. Target construction completion: approximately June 2028.

Map: [Access a map of the area - State and George](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **August 7, 2026**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **July 17, 2026**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Mithila Chakraborty, Ph.D.

Agency: CT Department of Housing (DOH)

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, Ph.D.

Agency: CT Department of Housing (DOH)

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

What Happens Next:

The CT Department of Housing (DOH) will determine whether to proceed with the preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for 2 Church Street Development Public Improvements

Title: New Haven Quantum and Life Sciences Innovation Cluster - 2 Church Street Development

Address of possible action location: 2 Church Street, New Haven, CT

Municipality where the action might be located: New Haven

Description: Winstanley Enterprises, LLC is planning a 4-story building for research and development, laboratory, and general office comprising approximately 200,000 square feet at 2 Church Street in New Haven, CT. The 2 Church Street site is approximately 1.8 acres and is bounded by Martin Luther King Jr. Boulevard to the north, South Frontage Road to the south, 101 College Street to the west, and Church Street to the east. Known as the "2 Church Street Development," the Proposed Action to be assessed under the Connecticut Environmental Policy Act (CEPA) process consists of the following elements:

- Public infrastructure, including tunnel walls, service drives, lighting, egress, fire suppression, smoke ventilation, deluge drainage, mechanical equipment and life safety systems.
- Public streetscape and plaza improvements with connections to the existing public plaza at 101 College Street.
- Utility and infrastructure improvements, with tie-ins to existing utilities.
- Developer gap financing from DECD.

The Proposed Action falls within the City of New Haven's Downtown Crossing project. Downtown Crossing is a City of New Haven infrastructure project that rebuilds the former Route 34 expressway into a system of urban boulevards, reestablishes the urban street grid by reconnecting the city streets, and reclaims portions of highway land for development. The building and tunnel system will cap (i.e., be constructed above) the existing service drives, which travel east and west through the site, aligning with goals in the City of New Haven's Hill-to-Downtown Community Plan, which calls for improving connectivity between The Hill, Union Station, Yale New Haven Hospital, and Yale School of Medicine, and Downtown.

The need for the Proposed Action is due to an urban renewal-era land clearance that isolated surrounding neighborhoods more than 60 years ago. Since then, a fragmented street network has separated the Hill neighborhood from Downtown, making it a challenge to attract investment and residents to the area. As the City has made progress in reconnecting the neighborhoods with infill development in recent decades, another need for the Proposed Action is due to the high demand for transit-oriented development, including research, lab, and office space in Downtown New Haven's innovation hub.

The purpose of the Proposed Action is to continue the progress made by the City in recent years to reconnect the surrounding neighborhoods, improve walkability and connectivity between public amenities, housing, and build upon the City's growing innovation industry. Winstanley Enterprises, LLC will incorporate comments received during the public scoping period and evaluate the Proposed Action, including taking no action or other feasible

alternatives. Direct, indirect, and cumulative impacts associated with the Proposed Action will also be assessed.

Project Map: [Access a map of the project area - 2 Church Street.](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **August 6th, 2026.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **July 17th, 2026.**

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Ryan Acosta

Agency: Department of Economic and Community Development

Address: 450 Columbus Boulevard, Suite 5, Hartford, CT 06103

E-mail: ryan.acosta@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the Department of Economic and Community Development.

Name: Ryan Acosta

Agency: Department of Economic and Community Development

Address: 450 Columbus Boulevard, Suite 5, Hartford, CT 06103

E-mail: ryan.acosta@ct.gov

What Happens Next:

The Department of Economic and Community Development will determine whether to proceed with the preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Scoping Notice - Post-Scoping Notice (Need More Time)

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read more about the regulations for a "need more time" notice.](#)

The following notice for additional time has been submitted for publication in this edition.

Notice of Time Extension for Post-Scoping Notice for Oyster Harbor Village

Addresses of possible action location: 185, 212, and 213 Front Street

Municipality where the action might be located: New Haven

Connecticut Environmental Policy Act (CEPA) Determination: The Department of Economic Community Development (DECD) published a [Notice of Scoping on November 18, 2025 for the Oyster Harbor Village](#) to solicit public comments for this action in the *Environmental Monitor*. The DECD is unable to publish its determination regarding the action at this time.

Action Status: DECD is awaiting additional information and evaluating comments.

Estimated Publication Date: The DECD estimates that a Post-Scoping Notice will be published in the *Environmental Monitor* on or before 12/31/2026.

If you have questions about the action, contact:

Name: Chaimae Sabir

Agency: Department of Economic and Community Development
Phone: 860-500-2448
Address: 450 Columbus Boulevard, Suite 5, Hartford, CT 06103
E-Mail: Chaimae.Sabir@ct.gov

What Happens Next:

The Department of Economic and Community Development will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under CEPA. A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Time Extension for Post-Scoping Notice for Golf Practice Facility

Address of possible action location: 986 Storrs Road

Municipality where the action might be located: Mansfield

Connecticut Environmental Policy Act (CEPA) Determination: The University of Connecticut (UConn) published a [Notice of Scoping on December 16, 2025 for the UConn Golf Practice Facility](#) project to solicit public comments for this action in the *Environmental Monitor*. UConn is unable to publish its determination regarding the action at this time.

Action Status: The University greatly appreciates and acknowledges those who submitted comments on the proposed action. Balancing the University's operational and space needs with our responsibility as environmental stewards is a challenge we take very seriously. As we continue to evaluate this project, we will determine whether to move forward with an Environmental Impact Evaluation or if an alternative site can be considered.

Estimated Publication Date: UConn estimates that a Post-Scoping Notice will be published in the *Environmental Monitor* on or before December 22, 2026.

If you have questions about the action, contact:

Name: Ian Dann, Sr. Project Manager
Agency: University Planning, Design & Construction
Address: 3 Discovery Drive, U-6038, Storrs, CT 06269
E-Mail: ian.dann@uconn.edu

What Happens Next:

UConn will make a determination whether to proceed with an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under CEPA. A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Post-Scoping Notice

A Post-Scoping Notice is the determination by a sponsoring agency, after publication of a Scoping Notice and consideration of comments received, whether an [Environmental Impact Evaluation \(EIE\)](#) needs to be prepared for a proposed State action. [Read more about the regulations for a Post-Scoping Notice.](#)

The following Post-Scoping Notices have been submitted for publication in this edition.

Post-Scoping Notice for Mason Street East and West

Project Title: Mason Street East and West

Addresses of Possible Project Location: 275, 289, 309, 315, 321, 279, 290, and 294 Mason Street, and 405 Greenwich Street, Greenwich CT 06830

Municipality where it would be located: Town of Greenwich

Connecticut Environmental Policy Act (CEPA) Determination: The Department of Economic and Community Development published a [Notice of Scoping on January 20th](#), 2026 to solicit public comments for this proposed demolition, soil and groundwater cleanup, and limited site assessment in the *Environmental Monitor*.

[Comments on the Mason Street East and West Project](#) were received from the Connecticut Department of Energy and Environmental Protection (CT DEEP) during the public comment period. DECD’s responses to the comments from CT DEEP are included in the Environmental Review Checklist.
The Department of Economic & Community Development has determined **the project does not require the preparation of an Environmental Impact Evaluation (EIE) under the CEPA**. The agency’s conclusion is documented in a [Memo of Findings and Determination for the Mason Street East and West Project](#) and the [Environmental Review Checklist for the Mason Street East and West Project](#).

Agency contact:
Name: Gregory Ambros
Agency: Department of Economic and Community Development
Address: 450 Columbus Boulevard, Hartford, CT 06103
Phone: 860-500-2363
E-Mail: Gregory.Ambros@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state Agency.

Name: Emily Bigl
Agency: Department of Economic and Community Development
Address: 450 Columbus Boulevard, Hartford, CT 06103
E-Mail: Emily.Bigl@ct.gov

What Happens Next:

The Department of Economic and Community Development expects the project to go forward. This is expected to be the final notice of the project to be published in the *Environmental Monitor*.

Post-Scoping Notice for Judds Homestead

Address of possible action location: 980 High Street, Fairfield, CT 06824

Municipality where the action might be located: Fairfield

Connecticut Environmental Policy Act (CEPA) Determination: The Connecticut Department of Housing (CT DOH) published a Revised [Notice of Scoping on December 2nd, 2025](#) to solicit public comments for this action in the *Environmental Monitor*.

A public scoping meeting was held on **December 18, 2025**.

The Connecticut Department of Energy and Environmental Protection's (DEEP) [comments for Judds Homestead](#) were received during the public comment period. [Access a summary of comments received and the DOH’s responses to the comments received for Judds Homestead](#).

After consideration of the comments received, the CT DOH has determined **the action does not require the preparation of an Environmental Impact Evaluation (EIE) under the CEPA**. The agency’s conclusion is documented in a [Memo of Findings and Determination for Judds Homestead](#) and an [Environmental Review Checklist for Judds Homestead](#).

Agency contact:
Name: Mithila Chakraborty, Ph.D.
Agency: Connecticut Dept. of Housing
Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

What Happens Next: The DOH expects the action to go forward. This is expected to be the final notice for this action to be published in the *Environmental Monitor*.

EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts, which is called an [Environmental Impact Evaluation \(EIE\)](#). [Read more about the regulations for an Environmental Impact Evaluation](#).

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency’s findings in the EIE, and any comments received on that evaluation. [Read more about the regulations for a Record of Decision](#).

No Record of Decision Notice has been submitted for publication in this edition.

OPM's Determination of Adequacy

After an [Environmental Impact Evaluation \(EIE\)](#) and record of decision are developed, the Office of Policy and Management (OPM) will determine if the EIE and the associated process are adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read more about the regulations for a Determination of Adequacy](#).

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer Notice

[Connecticut General Statutes Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the land transfer process](#) .

CEPA Project Inventory

The Office of Policy and Management (OPM) maintains a [list of projects that have entered the CEPA process](#). It shows each project's status.

CEQ Contact Information
