

June 2, 2026

Scoping Notice:

- **REVISED** Notice of Scoping for Meadow Brook Commons, East Granby.
- Notice of Scoping for Cambridge Park, Bristol.
- Notice of Scoping for Middlebury Elementary School Water Main Extension, Middlebury.
- Notice of Scoping for Replacement of Bridge No. 06296: Waterside Lane over Hammock River, Clinton.
- **NEW!** Notice of Scoping for Hopp Brook Estates, Beacon Falls.

Scoping Notice - Post-Scoping Notice (Need More Time):

No notice for additional time has been submitted for publication in this edition.

Post-Scoping Notice:

- **NEW!** Post-Scoping Notice for Heroes Tunnel Rehabilitation, Hamden, New Haven, and Woodbridge.

Environmental Impact Evaluation (EIE):

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision:

No Record of Decision Notice has been submitted for publication in this edition.

OPM Determination of Adequacy:

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer:

- Notice of Proposed Land Transfer in Waterbury

The next edition of the Environmental Monitor will be published on **June 16, 2026.**

[Subscribe to E-alerts](#)  to receive an e-mail when the Environmental Monitor is published.

Notices in the Environmental Monitor are written and formatted by the sponsoring agencies and are published unedited. Questions about the content of any notice should be directed to the sponsoring agency.

Inquiries and requests to view or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read more about the regulations for a Scoping Notice.](#)

The following Scoping Notices have been submitted for publication in this edition.

Revised Notice of Scoping for Meadow Brook Commons

Revised: Total units (120 units) in the project description

Address of possible action location: 13 Nicholson Road, East Granby, CT

Municipality where the action might be located: East Granby

Description: The project will consist of two phases totaling 120 units (60 units in each phase) of affordable housing. The development will include four three-story wood-frame buildings and a single-story clubhouse. The overall property is 10 acres, with Meadowbrook Commons occupying 7 acres. The site was previously a tobacco farm until the 1970s and has since remained vacant, becoming heavily wooded. A Phase I Environmental Site Assessment was completed, and no environmental issues were identified.

Map: [Access a map of the area - Meadow Brook Commons](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **5th June, 2026.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **15th May, 2026.**

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Mithila Chakraborty, Ph.D.
Agency: Connecticut Dept. of Housing
Address: 505 Hudson Street, Hartford, CT 06106-7106
E-Mail: mithila.chakraborty@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, Ph.D.
Agency: Connecticut Dept. of Housing
Address: 505 Hudson Street, Hartford, CT 06106-7106
E-Mail: mithila.chakraborty@ct.gov

What Happens Next:

The Department of Housing, CT will determine whether to proceed with the preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Cambridge Park

Address of possible action location: 98 Jerome Avenue, Bristol, CT 06010

Municipality where the action might be located: Bristol

Description: The Cambridge Park development is a 189-unit development in eighty-three (83) residential buildings on 39.953 acres (4 units designated as non-dwelling units serve as activity space for the Boys & Girls Club for a total of 193 units). The development was initially constructed in 1942 as wartime housing but is now operating as public housing and is owned by the Housing Authority of the City of Bristol (BHA). The site also includes a 12,100 square foot Administration Building that houses the BHA's administrative office, computer rooms, and community room with an adjacent kitchen and bathrooms.

The Cambridge Park development is located along Jerome Ave in Bristol. Part of the property is adjacent to wetlands, however the residential section of the development is not in the wetlands. The development is surrounded by single-family dwellings, religious facilities, and a commercial corridor along Route 6 within 1/4 mile with multiple shopping centers including a Stop n' Shop grocery store anchor that is two blocks and walking distance from Cambridge Park.

Approximately 5% of the units have been completely renovated since 2014. However, a Capital Needs Assessment conducted in 2023 found the buildings physically obsolete with a estimated \$40+ million the current capital needs and recommended replacement of the building's MEP systems, underground utilities, roofing systems, appliances, kitchen and bathroom cabinetry, and exterior and interior improvements. Due to costly relocation challenges and SHPO concerns over the loss of all buildings potentially eligible for historic designation, complete demolition is not feasible. BHA in partnership with Bristol Neighborhood Development Corporation (BNDC), it's non-profit affiliate, is proposing a comprehensive (gut) rehabilitation of the property to produce 167 units. This total is the result of the demolition of 20 units in 8 buildings due to excessive foundation repair costs, conversion of 4 units into 2 accessible family units, and 4 units to remain for the Boys & Girls Club. Planned gut rehab will include enhanced building insulation, new roofing, fiber cement siding, drywall, flooring, full kitchen and bathroom renovations, and installation of in-unit washers and dryers. Additionally, plumbing, HVAC, and electrical systems will be modernized. Infrastructure improvements will replace sanitary sewer and water lines, and storm drainage, repaved parking lots, new sidewalks, curbs, and landscaping, cost effective sustainability and energy efficiency measures, and compliance with all federal accessibility requirements under Section 504, 2010 ADA Standards and the Uniform Federal Accessibility Standards (UFAS). In addition, the redevelopment will increase the number of accessible units from 0 to 9. This project is addressing extensive physical needs at an existing development that has been in the community since 1942 and is the home of 182 families with over 466 residents. Based on the physical needs of the development, the property is considered obsolete and in dire need of major physical improvements and upgrades. Without this redevelopment, the buildings and units will continue to deteriorate forcing the 182 families and over 466 residents to be relocated from the property and community. Due to the deferred maintenance and deterioration common with public housing, multiple buildings require demolition. No new units will be produced as a result of this development.

A Determination Letter from the State Historic Preservation Office dated June 30, 2023 determined "Following review of the submitted Cultural Resource Assessment completed by Archaeological and Historical Services, Inc. (AHS), SHPO concurs that the complex is eligible for listing on the National Register of Historic Places (NR) under Criterion A, in the area of Politics/Government, as the only permanent World War II emergency housing complex for defense industry workers in the City of Bristol, a critical producer for wartime materials. After review of the submittal, the SHPO has determined that the proposed undertaking may have an adverse effect upon the historic integrity of the complex." A Memorandum of Agreement between BHA and the CT SHPO regarding the rehabilitation of Cambridge Park, including stipulations like duration, monitoring, reporting and more. This was signed by both the City of Bristol, SHPO, and BHA dated September 4th, 2024.

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, PH.D.

Agency: Connecticut Dept. of Housing

Address: 505 Hudson Street, Hartford, CT 06106-7106

E-Mail: mithila.chakraborty@ct.gov

What Happens Next:

The Connecticut Department of Housing (DOH) will determine whether to proceed with the preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Middlebury Elementary School Water Main Extension

Address of possible action location: The intersection of Porter Avenue and Whittemore Road (CT Route 188) to the Middlebury Elementary School at 550 Whittemore Road, Middlebury.

Municipality where the action might be located: Middlebury

Description: The proposed project (Project) seeks to utilize the Department of Public Health (DPH) Drinking Water State Revolving Fund (DWSRF) to install a water main extension for the Connecticut Water Company (CTWC) to provide service to the Middlebury Elementary School (School). The Project would eliminate the need for the School to rely on the existing single well which currently serves the school (approximately 412 students and staff) and provide fire protection to the School. The Project scope of work includes about 920 feet of 12-inch water main, about 650 feet of horizontal directionally drilled 16-inch water main, 270 feet of new 8-inch water main and about 500 feet of new 4-inch water service main to the school. Water main extensions proposed under this project will be located entirely within the Connecticut Department of Transportation (DOT) Route 188 right-of-way and School District 15 property at 550 Whittemore Road in Middlebury, CT. Two stream crossings are necessary for this water main extension, Hop Brook and Long Swamp Brook. Horizontal directional drilling (HDD) is proposed for these stream crossings to maintain the installation completely within the roadway and thus prevent encroachment into wetlands or erection of support structures to cross the bridges in the FEMA 100-year floodplain.

Map: Click here to [access a map of the area proposed for the Middlebury Elementary School Water Main Extension](#).

Written comments from the public are welcomed and will be accepted until the close of business on: **June 5, 2026**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **May 15, 2026**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Eric McPhee

Agency: Department of Public Health, Planning & Drinking Water State Revolving Fund Section

Address: 410 Capitol Avenue, MS #12DWS, PO Box 340308, Hartford, CT 06134-0308

E-Mail: DPH.SourceProtection@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Agency: Department of Public Health, Hearing Office

Freedom of Information Act request webpage : https://dphct.govqa.us/WEBAPP/_rs/

Email: DPH.foi@ct.gov

Phone: 860-566-5682

What Happens Next:

DPH will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Notice of Scoping for Replacement of Bridge No. 06296: Waterside Lane over Hammock River

Address of possible action location: The proposed project takes place on Waterside Lane over Hammock River, approximately 0.3 miles south of U.S. Route 1.

Municipality where the action might be located: Clinton

Description: The existing bridge, constructed in 1994, consists of a two-span laminated timber deck superstructure supported by steel pipes and cantilever ends supporting the sidewalk. The existing bridge has an overall structure length of approximately 79 feet and has a maximum span length of approximately 36 feet. The Waterside Lane configuration over the bridge is composed of one 12-foot lane with no shoulder and it is the only vehicular access to the Clinton Town Beach separated from mainland by Hammock River.

The purpose of the proposed project is to address the structural deficiencies of the existing bridge (Bridge No. 06296) by replacing the structure with a single-span superstructure supported on new semi-integral abutments supported on piles. The bridge is in serious condition primarily due to the scour condition. The north abutment exhibits bulging stones along the abutment's lower half. The south abutment corners have missing mortar and displaced stones, and minor cracking can be found in the mortared joints.

Map: [Access a map of the area - Replacement of Bridge No. 06296.](#)

Written comments from the public are welcomed and will be accepted until the close of business on: **Friday June 19, 2026.**

There will be a public scoping meeting for this action:

DATE: Thursday June 4, 2026

TIME: 6:00 p.m.

PLACE: Clinton Town Hall (Green Room), 54 East Main Street, Clinton, CT, 06413

NOTES: The meeting location is ADA accessible. Persons with hearing and/or speech disabilities may dial 711 for Telecommunications Relay Service (TSR). Language assistance may be requested by contacting CTDOT's Language Assistance Call Line at (860) 594-2109. Requests should be made at least five (5) business days prior to the meeting. Language assistance is provided at no cost to the public and efforts will be made to respond to timely requests for assistance.

Written comments/questions about the project or public scoping meeting should be sent to:

Name: Ms. Hayley Martin

Agency: CT Department of Transportation, Bureau of Engineering and Construction

Address: 2800 Berlin Turnpike, Newington, CT, 06131

E-Mail: DOT-FLBP@ct.gov or Hayley.Martin@ct.gov

Phone: (860) 594-2020

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Ms. Alice M. Sexton

Agency: Connecticut Department of Transportation, Office of Legal Services

Address: P.O. Box 317546, Newington, CT, 06131-7546

Freedom of Information Act request webpage: [CTDOT GovQA FOIA portal](#) 

What Happens Next:

The CT Department of Transportation will determine whether to proceed with the preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Address of possible action location: 22 Oakwood Drive, Beacon falls, CT

Municipality where the action might be located: Beacon Fall

Description: Hopp Brook Developers, LLC has retained Guerrera Construction Inc to perform the site work on a 59-acre parcel of land known as lot 1 a/k/a 22 Oakwood Drive Beacon Falls, CT. The project is approved as a special exception for 94 single family homes. The project is a planned community under the Common Ownership Act where a starter home and approximately 134x84 parcel of land will be a unit owned as a starter home. The homes will be approximately 1900 SF with either a 1 or 2 car garage. The roads will be private and maintained by a homeowners' association. The site work involves the construction of 2 detention ponds on site for storm drainage. There will be city water and each unit has its own septic system approved by Naugatuck Valley Health. There is a community pickle ball and play fields, There is 40 acres of open space mostly on the adjoining undeveloped lot 2. The homes will be built in 6 phases with approximately 16 homes per phase. The starter homes will be listed for sale at \$499,000 and lower. It will take 4-5 years to complete the project.

Map: [Access a map of the area - Hopp Brook Estates](#)

Written comments from the public are welcomed and will be accepted until the close of business on **2nd July, 2026**.

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by **12th June, 2026**.

Written comments and/or requests for a public scoping meeting should be sent to:

Name: Mithila Chakraborty, Ph.D.
Agency: Connecticut Dept. of Housing
Address:505 Hudson Street, Hartford, CT 06106-7106
E-Mail: mithila.chakraborty@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:

Name: Mithila Chakraborty, Ph.D.
Agency: Connecticut Dept. of Housing
Address: 505 Hudson Street, Hartford, CT 06106-7106
E-Mail: mithila.chakraborty@ct.gov

What Happens Next:

The CT Department of Housing (DOH) will determine whether to proceed with the preparation of an Environmental Impact Evaluation (EIE) or that the action does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

Scoping Notice - Post-Scoping Notice (Need More Time)

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read more about the regulations for a "need more time" notice](#).

No notice for additional time has been submitted for publication in this edition.

Post-Scoping Notice

A Post-Scoping Notice is the determination by a sponsoring agency, after publication of a Scoping Notice and consideration of comments received, whether an [Environmental Impact Evaluation \(EIE\)](#), needs to be prepared for a proposed State action. [Read more about the regulations for a Post-Scoping Notice.](#)

The following Post-Scoping Notice has been submitted for publication in this edition.

Post-Scoping Notice for Heroes Tunnel Rehabilitation

Address of possible action location: The Heroes Tunnel: Wilbur Cross Parkway (Route 15) from Mile Point 46.92 to 47.59

Municipalities where the action might be located: Hamden, New Haven, and Woodbridge

Connecticut Environmental Policy Act (CEPA) Determination: The CT Department of Transportation published a [Notice of Scoping on December 16, 2025](#), to solicit public comments for this action in the *Environmental Monitor*.

A public scoping meeting was held on **January 12, 2026**.

[Comments from the CT Department of Energy and Environmental Protection \(CTDEEP\) for the Heroes Tunnel Rehabilitation](#) and the general public were received during the public comment period. Comments received by the general public during the public comment period (outside of the scoping meeting) were simply requests for project details. Comments received at the public meeting and CTDOT's responses can be found in the [Report of Meeting](#). All comments received, including CTDEEP's, are addressed within the [Environmental Review Checklist for the Heroes Tunnel Rehabilitation](#), where appropriate.

After consideration of the comments received, the CTDOT has determined **the action does not require the preparation of an Environmental Impact Evaluation (EIE) under the CEPA**. The agency's conclusion is documented in a [Memo of Findings and Determination for the Heroes Tunnel Rehabilitation](#) and an [Environmental Review Checklist for the Heroes Tunnel Rehabilitation](#).

Agency contact:

Name: Kevin Fleming, Transportation Supervising Planner
Agency: Connecticut Department of Transportation, Bureau of Policy and Planning
Address: 2800 Berlin Turnpike, Newington, CT 06131
Phone: 860-594-2924
E-Mail: Kevin.Fleming@ct.gov

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Name: Ms. Alice M. Sexton
Agency: Connecticut Department of Transportation, Office of Legal Services
Address: P.O. Box 317546, Newington, CT, 06131-7546

Freedom of Information Act request webpage: [CTDOT GovQA FOIA portal](#) 

What Happens Next: The Connecticut Department of Transportation expects the action to go forward. This is expected to be the final notice for this action to be published in the *Environmental Monitor*.

EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts, which is called an [Environmental Impact Evaluation \(EIE\)](#). [Read more about the regulations for an Environmental Impact Evaluation.](#)

No EIE Notice has been submitted for publication in this edition.

Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency's findings in the EIE, and any comments received on that evaluation. [Read more about the regulations for a Record of Decision.](#)

No Record of Decision Notice has been submitted for publication in this edition.

OPM's Determination of Adequacy

After an [Environmental Impact Evaluation \(EIE\)](#) and record of decision are developed, the Office of Policy and Management (OPM) will determine if the EIE and the associated process are adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read more about the regulations for a Determination of Adequacy.](#)

No Determination of Adequacy Notice has been submitted for publication in this edition.

State Land Transfer Notice

[Connecticut General Statutes Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the land transfer process.](#)

The following State Land Transfer Notice has been submitted for publication in this edition.

Notice of Proposed Land Transfer in Waterbury

Complete Address of Property: 29 Bronson Street, Waterbury, CT

Commonly used name of property or other identifying information: Municipal Lot 179 # 29

Number of acres to be transferred: 0.08 acres

[Access a map of proposed land transfer in Waterbury.](#)

Description of Property

Below is some general information about the property. It should not be considered a complete description of the property and should not be relied upon for making decisions. If only a portion of a property is proposed for sale or transfer, the description pertains only to the portion being sold or transferred.

Brief description of historical and current uses: Moderate density residential

The property to be sold or transferred contains the following:

Buildings/structures:

- Building(s) in use ☐ Building(s) not in use ☐
- No buildings/structures ☒ Unknown ☐

Other Features:

- Paved areas ☐ Wooded land ☐
- Nonagricultural fields ☐ Active agriculture ☐
- Ponds, streams, other water, wetlands ☐

Utilities:

- Public water supply ☐ On-site well ☐ Water supply unknown ☒
- Served by sewers ☐ On-site septic system ☐ Waste disposal unknown ☒

The property is in the following municipal zone(s):

- Residential ☐ Commercial ☐ Industrial ☐
- Institutional ☐ Other: RM
- Unknown ☐ Not Zoned ☐

[Access an aerial view of property in Waterbury.](#)

[Access information/field card of property in Waterbury.](#)

Is the property in an aquifer protection area and/or a public water supply watershed? No

Is the property in an area identified by the Natural Diversity Data Base as containing state-listed species and/or significant natural communities? No

Is the property or any buildings on the property listed on the National/State Register of Historic Places or designated as a National Historic Landmark? No

Links to other available information: None

Special features of the property, if known: None

Value of property, if known: \$8,900

Type of sale or transfer:

- Sale or transfer of property in fee ☒
- Sale or transfer of partial interest in the property (such as an easement). ☐ Description of interest:

Proposed recipient, if known: City of Waterbury

Proposed use by property recipient, if known: Unknown

Is the agency imposing restrictions or conditions upon the transfer of the land or land interest? No.

Reason the state of Connecticut is proposing to transfer this property: Surplus

Comments from the public are welcome and will be accepted until the close of business on **June 4, 2026**.

Comments may include (but are not limited to) information you might have about significant natural resources or recreation resources on the property, as well as your recommendations for means to preserve such resources.

Written comments* about the proposed property transfer should be sent to:

Secretary of the Office of Policy and Management
c/o Paul F. Hinsch
Office of Policy and Management
Bureau of Assets Management
450 Capitol Avenue, Hartford, CT 06106-1379
paul.hinsch@ct.gov

Please also send a copy of any comments and/or questions about the proposed property transfer to:

Name: Pia M. Pyles, Staff Attorney
Agency: Department of Social Services
Address: 55 Farmington Avenue, Hartford, CT 06105
E-Mail: pia.pyles@ct.gov

*** E-Mail submissions are preferred.**

(Comments from state agencies must be on agency letterhead and signed by agency head.)

What Happens Next:

When this comment period closes, the proposed land transfer can take one of three tracks:

1. If no public comments are received, the sale or transfer can proceed with no further public comment and no further notices in the *Environmental Monitor*, unless the Department of Energy and Environmental Protection (DEEP) elects to conduct a review of the property (see #3).
2. If public comments are received, the Office of Policy and Management (OPM) will respond to those comments. The comments and responses will be published in the *Environmental Monitor*. Fifteen days after publication of the comments and responses, the proposed sale or transfer can proceed, unless DEEP elects to conduct a review of the property (see #3).
3. If DEEP elects to conduct a further review of the property, it may submit to OPM a report with recommendations for preserving all or part of the property. The report and recommendations will be published in the *Environmental Monitor*, and there will be a 30-day public comment period. DEEP will publish its responses to any comments received and its final recommendation about the property in the *Environmental Monitor*. OPM will then make the final determination as to the ultimate disposition of the property and will publish that determination in the *Environmental Monitor*. Fifteen days after publication of that final determination, the sale or transfer can proceed.

To find out if this proposed transfer is the subject of further notices, check future editions of the *Environmental Monitor*. [Sign up for e-alerts](#)  to receive a reminder email on *Environmental Monitor* publication dates.

CEPA Project Inventory

The Office of Policy and Management (OPM) maintains a [list of projects that have entered the CEPA process](#). It shows each project's status.
