On January 19, 2016 the Connecticut Department of Transportation (CTDOT) published a Notice of Scoping in the *Environmental Monitor* to solicit public comments for the subject project. The public, state agencies, and other interested persons/parties were allowed to comment on any potential environmental impacts or concerns regarding the proposed project until February 19, 2016. Comments were received from the Department of Public Health, the Department of Energy and Environmental Protection, and the Office of Policy and Management.

Attached please find the Environmental Assessment Checklist for the above referenced project. The issues/concerns raised by the various State agencies are included in the attached Environmental Assessment Checklist.

Based on the comments received, and the attached environmental checklist, CTDOT does not recommend the preparation of an Environmental Impact Evaluation.
