Subject: **Manchester Water Department-Glastonbury Water Main Extension**

Attached please find the Environmental Assessment Summary for the above referenced project. Scoping for the project began on September 18, 2018 and ended on October 18, 2018. The Department of Public Health (DPH) received comments from the Department of Energy and Environmental Protection (DEEP) on October 18, 2018 and the Office of Policy and Management (OPM) on October 18, 2018. The DPH provided a response to the OPM dated October 24, 2018. The DPH will coordinate with the Manchester Water Department and the Town of Glastonbury to ensure that the recommendations are implemented.

Based upon the DPH's review of the comments received it is recommended that an Environmental Impact Evaluation is not warranted for this project. Should you have any questions, please contact me at (860)509-7333.
