Re: Notice of Scoping for Various Bridge Rehabilitation at Route 8/I-84 "Mixmaster" Interchange including Construction of Route 8 NB Temporary Bypass

Dear Mr. Alexander:

The Department of Public Health Drinking Water Section's (DWS) Source Assessment and Protection Unit has reviewed the above Notice of Scoping. The subject project is not in a public drinking water supply source water area, but it is within the public water supply service area of Waterbury Water Department (PWSID# CT1510011). The Department of Transportation should consult with the Waterbury Water Department on the locations of water distribution mains and coordinate with the Waterbury Water Department on potential relocation or replacement of water distribution mains within the project area.

If you have any questions regarding these comments, please call Pat Bisacky of this office at (860)509-7333.

Sincerely,

A handwritten signature in black ink, appearing to read "Eric McPhee", written over a horizontal line.

Eric McPhee
Supervising Environmental Analyst
Drinking Water Section
