1. Additional CPAT Special Session – Now Available

We have made arrangements to allow additional people on Saturday October 22. If you would like to register for CPAT Special Session - under test conditions, you must go on line and register through the SABA system. The address is <https://ctlms.ct.gov/Saba/Web/Main>.

2. Long Ridge Fire Company Annual Open House

The Long Ridge Fire Company will be holding their Annual Open House on Saturday, October 15th from Noon to 4pm. We will have fire trucks rides, the BullEx fire safety trailer, pony rides, great raffles, fire safety demonstrations and food provided Long Ridge Tavern. You can also sign up for a FREE Home Safety Evaluation and buy your Halloween pumpkins. It will be a fun day for the family and your chance to learn about fire safety. The location is 366 Old Long Ridge Road, Stamford, CT. You can contact us at 203-322-5200 if you have any questions.

3. Rescue Tech Core

Rescue Tech Core, 17032, in New Britain has openings dates run from 11/1 -11/10. Must be EMR/EMT/Paramedic certified in order to take the course. Please include proof of certification with application.

4. Employment Opportunity - Training Specialist (Sales Associate) – Fire Protection Publications

Fire Protection Publications (FPP) is seeking applications for the position of IFSTA/FPP Training Specialist (Sales Associate). FPP is a department within the College of Engineering, Architecture, and Technology (CEAT) at Oklahoma State University (OSU) and is the headquarters of the International Fire Service Training Association (IFSTA). As the world's leading publisher of high quality and technically accurate fire service training materials, FPP provides a vital service to the fire and emergency services.

IFSTA/FPP Training Specialists work closely with fire department training officers to implement IFSTA/FPP materials in their departments. Customers rely on IFSTA/FPP Training Specialists to be experts on IFSTA products and provide recommendations and suggested best practices in all aspects of training delivery. IFSTA/FPP Training Specialists travel extensively for site visits, train-the-trainer presentations, trade shows, and other industry events. Incumbents may be eligible for a remote work location dependent on one year of successful performance in the position and organizational needs.

Minimum qualifications for the position include an Associate's degree and four years work-related experience in Sales, Marketing, Fire Service or related field. Knowledge of principles and methods involved in showing, promoting, and selling products or services. This includes marketing strategies and tactics, product demonstration and sales techniques, and sales control systems. Knowledge of principles and processes for providing customer and personal services including needs assessment techniques, quality service standards, alternative delivery systems, and customer satisfaction evaluation techniques. Applicants should be adaptable, flexible, creative, goal-oriented, organized, and ethical.

To be considered for the position of FPP Training Specialist (Sales Associate), please apply online at <https://jobs.okstate.edu>. Contact Oklahoma State University Human Resources at 405-744-2909 for assistance. For full consideration, submit application by November 1, 2016. The position will be filled contingent upon available funding.

Applications should include a letter summarizing the candidate's qualifications, a resume, and the names, addresses, and contact information of three persons who have direct knowledge of the candidate's experience and professional abilities.

Oklahoma State University is an AA/EEO/E-verify employer committed to diversity. All qualified applicants will receive consideration for employment and will not be discriminated against based on race, color, religion, sex, national origin, disability or protected veteran status. OSU-Stillwater is a tobacco-free campus.

5. National Certification Training Child Passenger Safety

Saint Francis Hospital and Medical Center Violence and Injury Prevention Program of the Trauma/Surgery Department is offering a National Certification Training for Child Passenger Safety course October 15, 16, 22 and 23, 2016. Class times run from 8 a.m. to 5 p.m. and will be held at the Innovation + Learning Center at St. Francis Hospital 260 Ashley Street in Hartford-Parking Lot C entrance. See the attached flyer and information pages. Questions about registration (since it is divided in 2 separate payments) can call Marisol Feliciano at (860) 970-9839 for clarification.

6. Recruitment & Retention Seminar: Lessons Learned

The Connecticut Volunteer Workforce Solutions brings you a half day recruitment and retention seminar that will discuss the "lessons learned" from Phase II of our FEMA SAFER grant. This seminar will highlight first hand recruitment and retention success stories that Connecticut departments have experienced as well as provide recruitment and retention tools for all levels of the fire service. Departments are encouraged to invite their elected officials, town managers, and others to contribute to the dialogue.

Please see attached for more info

7. TL-9 Stabilizer

T & J Rescue Enterprises LLC. proudly introduces the TL-9 stabilizer, which will be available to area departments in early November. The TL-9 is a stabilization appliance which allows responders to perform a rapid vehicle lift while maintaining maximum stabilization. The TL-9 enables you to harness the power of your hydraulic spreader in the vertical plain in order to lift vehicles & other loads in a more rapid & efficient manner. T & J Rescue Enterprises LLC. is a Connecticut based company and the TL-9 is proudly produced right here in CT. We are currently scheduling demonstrations throughout the region to introduce responders to this truly revolutionary device & concept. To schedule an in-house demo please email paul@ctcustomfiretraining.com
