- 1. Employment Opportunity - Trainer - State of CT DAS/ODEM**

The Office of Education and Data Management will be hiring two Trainers – one for building programs and one for fire programs. In addition to meeting the requirements of a Trainer, the qualifications to apply also include licensure as a Building Official or certification as a Fire Marshal, or the ability to sit for and pass either exam within three months of hire. A copy of the job posting is attached, and may also be found at this link:

http://das.ct.gov/HRDocs/JobsExams/Trainer_DCS_2017_Feb_24_2_.pdf. Please note, the application deadline is March 10th.

- 2. CFA Strategy & Tactics- Bread and Butter Calls**

This two-day course takes the experienced fire fighter through the basics of fire ground decision-making. These are the “room and content”, everyday calls that any fire department should be able to control with even limited resources. It teaches the student to formulate an overall strategy, and to then employ the appropriate tactics to support that strategy using time-tested models. In-class scenarios will take place throughout the course to give students opportunities to work a simulated fire incident.

Course # 17347– Waterbury March 2& 3 2017 - Class Hours: - 16 Course Fee: \$75.00

Please note location change

Class will be held at 1551 Thomaston Ave., Waterbury 06708. Parking access off of Chapel St.

New London County Fire Marshal's Association Presents:

Driving Vehicle Fire Investigation Forward

8 hours of OEDM Continuing Education Units

With one out of every four fires investigated being an automobile, so exists the need to further educate investigators in dynamics of vehicle origin and cause investigations. This year's one day seminar welcomes Dr. Santrock and his team from General Motors as they present aspects of instruction they are able to provide at the Michigan State Police Vehicle Fire Investigation School. The instruction will cover from the basics of vehicle fire investigation to thermodynamics and thermometry as it pertains to NFPA1033. The course will provide investigators with a more solid foundation of vehicle fire investigation skills. A variety of methods and resources will be utilized to facilitate learning, including classroom lecture and demonstrations.
