NEW HAVEN REGIONAL FIRE TRAINING ACADEMY

Firefighter Tommy Kelly was 33 years old when he fell three stories into an air shaft at a structure fire at 1142 Chapel St on February 26th 1992. Tommy was the tiller man that night on Truck 4, Division 3. He was conducting vertical ventilation on the roof when he turned to retrieve a tool and stepped into the unprotected void. He was unconscious with his face under water until brother firefighters rescued him and was transported in grave condition to St. Raphael's Hospital. The next couple of weeks were touch and go for Tommy.

It has been 25 years since his accident and Tommy, being the fighter he has always been, has prevailed. He suffers from a traumatic brain injury and has battled every day since that night. His injuries, while tragic, serve to remind all of us in this business that life can change forever with one step.

On Saturday, July 15, 2017 at 10:00 a.m. Tommy's devotion and service to the NHFD will be celebrated with the dedication of his tiller bucket that sits outside the main entrance of the New Haven Fire Regional Training Academy, 230 Ella T. Grasso Boulevard, New Haven.

Please come and join us to say thank you to this man who has given his all for us and the City of New Haven.
