2. Senate Committee Approves AFG/SAFER Reauthorization

On Wednesday, May 17th, the Senate Committee on Homeland Security and Governmental Affairs unanimously approved S. 829, the AFG and SAFER Program Reauthorization Act. The legislation

reauthorizes the Assistance to Firefighters (AFG), the Staffing for Adequate Fire and Emergency Response (SAFER), and Fire Prevention and Safety (FP&S) grant programs through Fiscal Year 2023. Additionally, the legislation removes a "sunset" provision in the current authorizing statute that would eliminate the programs on January 2, 2018.

S. 829 was introduced by Senator John McCain (AZ) and Senator Jon Tester (MT), both co-chairs of the Congressional Fire Services Caucus. Senator Susan Collins (ME), chair of the Fire Caucus, and Senator Tom Carper, a fellow Fire Caucus co-chair, are original co-sponsors of the legislation. S. 829 will now go before the full Senate for consideration.

3. Current Events & Issues: An Emerging Concept – Community Paramedicine

EMS Week is a good time for your fire/EMS department to consider the possibility of starting a mobile integrated health/community paramedicine (MIH/CP) program in your community. A recent study indicates that MIH/CP programs may prevent congestive heart failure readmissions, reduce EMS frequent-user transports, and reduce emergency department visits.

L146: Homeland Security Exercise and Evaluation Program (HSEEP) Training Course

Dates: May 31 & June 1, 2017

Time: 08:00 to 17:00 Note: Both days must be attended in full.

Location: 269 Maxim Rd., Hartford CT 06114

Description:

The Homeland Security Exercise and Evaluation Program (HSEEP) Training Course is an intermediate level training course that incorporates exercise guidance and best practices from the HSEEP Program. The HSEEP Training Course is an interactive course that allows participants to share personal lessons learned and best practices while gaining practical experience. In addition to the instructor-led course presentations the course includes small group activities, videos and group discussions. The course also provides overviews of HSEEP-related initiatives such as technology and capabilities-based planning. This blended approach with lecture and activities will give participants hands-on experience that readily translates to real-world exercise responsibilities.

Prerequisites:

IS-120.a: An Introduction to Exercises. The certificate must be dated prior to the beginning of the HSEEP Course. The course is on the web, located at:

<http://training.fema.gov/is/courseoverview.aspx?code=IS-120.a> .

You will need a SID number to complete the application, see below if you do not have a SID number.

It is also recommended that the participant review the following DHS publications:

1. National Preparedness Goal, Second Edition, September 2015. This publication can be downloaded at: <https://www.fema.gov/national-preparedness-goal> .

2. Threat and Hazard Identification and Risk Assessment Guide (CPG 201). This publication can be downloaded at:

<https://www.fema.gov/media-library/assets/documents/26335>

Registration: Class will be limited to twenty four (24) participants. You must submit a copy of your IS-120.a certificate and FEMA Form 119-25-1 with SID number via fax or email to Tom Romano: fax **860.685.8903** or thomas.romano@ct.gov by the close of business (16:00 hrs.) on May 24, 2017.

If you choose to fax your application, please send an e-mail to thomas.romano@ct.gov so the fax machine can be checked and an acknowledgement of the receipt of your application can be emailed to you.

FEMA Form 119-25-1: can be found at: <http://www.training.fema.gov/apply/119-25-1.pdf?v=20140204> . Please ensure that boxes 22a and 22b, the sign off by your supervisor on page two, are completed.
