CFA divides their course offerings into programs:

- |                                   |   |
|-----------------------------------|---|
| <b>Apparatus</b>                  | All Apparatus courses including Aerial, Pump, Tanker and Q Endorsement. |
| <b>CPAT</b>                       | For all CPAT testing dates  |
| <b>Emergency Medical Services</b> | For EMR & EMT refresher classes.  |
| <b>Firefighting</b>               | For Building Construction, Engine and Truck Co operations.              |

<b>Instructor</b>	For 3 levels of Instructor courses
<b>Officer</b>	4 levels of Fire Officer, Incident Safety Officer, Health & Safety Officer and Strategy and Tactics classes.
<b>Public Education</b>	For Public Fire and Life Safety Educator, Public Information Officer or Youth Firesetter Intervention Specialist.
<b>Rescue</b>	For All rescue discipline classes.

By going to **Program** and typing some or all of the program name you can narrow down your search. Then click **Apply** and all of the available courses of that type will show.

And clicking on the class name will give you more information.

**Training Event**

**Apparatus - Aerial Operator-East Hampton-Apr 27, 28, May 4, 5, 18, 19**

Meets 8:30am to 4:30pm on Apr 27, 28, May 4, 5, 18, 19

This six-day course meets NFPA Standard 1002 for the driver/operator section, which addresses aerial devices. Instruction will be given on aerial ladders, and tower ladders. Course content will prepare the student for the practical and written examinations for Aerial Operator certification. This course is designed for the driver/operator of aerial equipment. The course begins with road handling and moves on to apparatus placement, mobilization and stabilization, elevation, various aerial operations, and apparatus readiness. It is required that each student has access to the manufacturer's reference manual for their department aerial device. This course alone is not designed to produce expert aerial operators. Students must apply the basics learned from this course with continued hands-on practical applications with apparatus in their department to build and maintain proficiency in aerial apparatus operations. Full protective clothing (No SCBA) is required.

**Training Dates** 04/27/2024 - 05/19/2024

**Prerequisites** Please indicate how your tuition for this class will be paid. I understand that to certify to this level, I must hold a valid Firefighter I Certification and a State of CT Q Endorsement or a CDL. CFA will verify this before enrollment in the class. Upload a copy of your Driver's License (both sides)  
I agree to the Drop Policy: Any refund request must be submitted to cfa-support@ct.gov at least seven (7) days prior to the start of a program to receive a full refund. MANDATORY UPLOAD: CLICK UPDATE FULFILLMENT AND THEN CLICK ON QUESTION MARK ? FOR MORE INFORMATION
