04/09/22 3rd alarm Newburgh, NY 11 So. Miller St. dwelling fire-The City of Newburgh assisted by Stewart ANG, West Point, Castle Point VA, Cronomer Valley, and Vails Gate operated at this multi-alarm structure fire at # 11 South Miller Street around 7 AM Saturday morning as shift change was occurring at NFD. The structure which was a vacant, was known to be occupied by a squatter much like many of the other vacant buildings in the city. Firefighters arrived to find heavy fire throughout the structure with exposure issues. With limited manpower due to the city cutting staffing levels, firefighters went to work searching the structure to verify that there was no one within and began knocking down the fire as numerous mutual-aid departments were requested to the scene to assist. With the majority of the fire knocked down, the flat roof was the last challenge to completely extinguish the fire as interior crews pulled ceilings to access the voids where the fire had eluded them.

**04/13/22 Norwalk, CT Ward St. hazmat mercury spill.-** Norwalk Engine 1 responded to the 1 block of Ward St for a reported mercury spill in a parking lot, Truck 2 was also soon added. Upon arrival and investigation, it was confirmed that the fluid in the parking lot was Mercury and a large amount had spilt. A hazmat incident was declared. The Fairfield County Hazardous Incident Response Team was notified and responded to the scene. Firefighters soon learned that a large amount of Mercury had spilt in and from a van in the parking lot and that the night before, a man had taken items out of the van and up to his apartment. The man refused to exit his apartment for several hours during the incident. During this time, the situation was upgraded to a full team response for Fairfield County Hazmat. When the subject finally exited his apartment, Hazmat techs metered the subject and his apartment, finding both to be very contaminated. The subject was transported to the hospital after all contaminated items on his person were dealt with. Crews finally began cleanup and the process of re-occupying apartments. Hazmat technicians from around the state have also evaluated several other sites connected to this incident. There were no additional injuries. Norwalk PD and CT DEEP are investigating this incident.

04/18/22 Haddam, CT Rt. 9 So. MVA - Haddam Volunteer Fire Company and Middletown South Fire District responded to a motor vehicle accident at 6:25 p.m. April 18 on Route 9 South near exit 9. A driver veered off the left side of the road, stuck multiple guard rails, went down a steep embankment, and stopped in thick brush. The driver was able to self extricate before crews arrived on scene. EMS personnel evaluated and transported the patient to Middlesex Hospital. Since the vehicle was entangled in tree roots and vines, firefighters used chainsaws to cut away brush and free the truck. New Image Auto towed the vehicle out of the embankment from Route 9 North. Firefighters closed one lane of traffic on the southbound lane during the incident. Connecticut State Police are investigating the cause of the accident.
