V. CONTRACT COMPLIANCE REQUEST FOR EXEMPTION

1. Exemption for Travelers Indemnity Company
Presented by HRO Attorney Spencer Hill

Attorney Hill informed that this is a new request and not a renewal as indicated by the agenda. He explained that the request is for an exemption from certain contract compliance requirements on behalf of the Office of the State Comptroller for a proposed contract with Travelers

Indemnity Company. Under this agreement Travelers will administer healthcare services and benefits administration. He added that Travelers requested an exemption from statute requirements including but not limited to the non-discrimination contract language requirements.

He further explained that the contract falls within the exemptions permitted by regulations, as the contract value is less than \$10,000.00. Specifically, he added, the contract has a value of zero dollars because the contract is to provide payroll deduction slots for voluntary supplemental benefits for state employees. Which means the state does not pay any money to the contractor for this service, instead the funds will be deducted from state employee paychecks and then transmitted to the contractor. He concluded by recommending approval of the request.

Prior to the vote, Commissioners Giliberto and Norton questioned the length of the contract and asked why the recommendation is for a partial exemption and not a full one. Attorney Hill deferred to the attorney representing Travelers, Lara Manzione, who explained that the contract is for three years with two possible one-year extensions and is the reason the value is zero dollars. She added that this particular contract is within a category of supplemental benefits that are considered optional for state employees. These employees can obtain auto or home insurance through Travelers via payroll deduction.

To Grant the Exemption Request for Travelers Indemnity Company as Outlined in the January 30, 2026, Letter from the Executive Director:

Motion: J. Suggs
Second: A. Norton

Vote:

Yes:4 (Giliberto, Norton, Suggs, Titre)

No: 0

Abstain: 0

Did not vote: 1 (Kapoor)

The motion carried.

Prior to the review of the reopening Chair Kapoor indicated that going forward all reopening requests that come before the Commission with a recommendation to reopen should state the statute and quote the language from said statute that the Commission's Council's used to recommend the reopening.

IX. DIVISION REPORTS

Executive Director's Report

Executive Director Hughes took a moment to thank Chair Kapoor for his steadfast commitment to the agency and for always running efficient meetings during his time with the Commission. She noted that he would be missed and wished him well in his next chapter.

Director Hughes went on to report on the on-going meetings with various state departments, including a meeting scheduled with Union and Management for February 23. She noted that the Legislature was in session, the agency's budget meeting is scheduled for February 13, and the agency's legislative committee has been meeting regularly in preparation for the sessions.

She further reported on the high intake levels throughout the agency, as evidenced by the production report, the continued recruitment efforts, and thanked Michelle Dumas Keuler, Kimberly Jacobsen and Johnette Tolliver for their efforts, resulting in the hiring of two secretaries, one for the Legal Department and the other for the Capitol Region. She added that the agency is also looking to fill 3 additional positions to become independent and less reliant upon the Department of Labor. One position is for an EEO person and other positions will be to oversee the agency's budget and fiscal needs.

Director Hughes added that efforts are being made to ensure that the funding allocated for the disparity implementation project is properly allocated. The agency has submitted the EEOC 2027 Request For Information (RFI), but the agency is still awaiting receipt of the completed contract. Information from HUD remains outstanding as the agency is still waiting for the completed contract for FY 2025.

Outreach Report

Managing Legal Director Michelle Dumas Keuler reported on behalf of Deputy Executive Director Cheryl Sharp, informing that there were 125 people at the Fair Housing Training. She reported that Kids Court Academy would start next week with a focus on criminal justice. Plans are being formulated to hold a student symposium in the spring, a Fair Housing Conference in April, and other outreach events in conjunction with the Greater Hartford Realtors Association.

She added that interviews for both Executive and Legal Interns are underway. The interns will take part in all the agency's outreach efforts. In conclusion she entreated the group to review the written Outreach Report.

Legislative Update

Legislative Liaison Darcy Strand reported that the agency's budget hearing would take place on February 13. She added that the agency's position is good due to its budget expansions already being included in the governor's budget. This will allow the agency to create its internal business office and have extra funds for translation services.

She further reported that she held conversations with some of the legislators and met with the Judiciary and Housing Chairs. She added that it's very clear that the legislators are narrowing their scope of work due to this being a short legislative session. The warning has gone out that controversial topics will not be entertained.

Liaison Strand also reported that work is being done to fix some of the anticipated disparity study recommendations as it applies to the new procedures and guidelines. She and Attorney Spencer Hill have been working on this.

Legal Update

Managing Legal Director Kimberly Jacobsen wished Chair Kapoor well. She reported on three cases involving the CHRO. The first case concerned a black female custodian who had been working in her position since 2011. In 2020 a new head custodian was hired who was not happy with her job performance. This resulted in her being disciplined for her performance in various ways. The Union grieved the penalties and the arbitrator that made the decision on the case found that the penalties that she endured were some of the worst he had ever seen. As a result, he reduced some of the penalties she incurred. The claimant then filed a case for retaliation, sex, and gender discrimination. As a result, she was awarded \$225.32 in back pay,

and her attorney was awarded \$68,000 in attorney fees. She was not awarded any emotional distress damages, but was awarded reimbursement of transcripts, fees, and various cease and desist orders.

The second case was a Superior Court appeal against CHRO for a no reasonable cause in a housing case. The claimant failed to properly file his appeal and neglected to serve the agency. As a result, the CHRO filed a motion to dismiss and the judge agreed, resulting in a win for the CHRO.

The third case was an Office of Public Hearings decision. This case concerned an inmate who complained that the respondent retaliated against him for his opposition to discriminatory practices, and denied him services because of a learning disability, physical disability, and mental disability. The referee found that the claimant had not been excluded from any services or programs based on his disabilities. As a result, the case was dismissed.
