- (1) Plans for Disabled - All companies must offer Plans A. If a company also offers Plan(s) B, C and/or D, then it must also offer the plan(s) to disabled Medicare beneficiaries. However, Plan C is only available to disabled individuals who become eligible for Medicare prior to 1/1/20.
- (2) Plans F and G also have a high deductible option which first requires paying a deductible of **\$2,800 for 2024** before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, these plans credit your payment of the Medicare Part B deductible (but not the foreign travel deductible) towards meeting the plan high deductible.
- (3) Highlighted rates are the most recently approved rate and not necessarily the current rate. The date a company's rate was approved is not necessarily the date the rate change will take effect. Check with the company to confirm current rate and effective date for change.
- (4) These are group plans that are available to group members enrolled in Medicare. Payment of a group membership fee is required.
- (5) Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit. The Out-of-Pocket Limits for 2024 are \$7,060 for Plan K and \$3,530 for Plan L.

* The rates on this chart are monthly electronic funds transfer (EFT) rates in most cases.
