DOCKET NO. 500

April 7, 2021

REQUEST BY NEW CINGULAR WIRELESS PCS, LLC ("AT&T")
TO INTERVENE IN THIS PROCEEDING

Pursuant to Section 16-50n of the Connecticut General Statutes and Section 16-50j-15a of the Regulations of Connecticut State Agencies, New Cingular Wireless PCS, LLC ("AT&T") respectfully requests permission of the Connecticut Siting Council ("Council") to participate, as an intervenor, in the application and hearing process for Docket No. 500.

AT&T is licensed by the Federal Communications Commission ("FCC") to construct and operate a wireless communications system in various areas of the United States of America including the State of Connecticut in order to provide cellular and personal communication services to the public. AT&T has an interest in the application process to aid the Council in evaluating the public interest considerations set forth in Section 16-50g and 16-50aa of the Connecticut General Statutes. As detailed in the application materials submitted by ARX Wireless Infrastructure, LLC (the "Applicant"), AT&T currently operates a wireless communications facility on the rooftop of the site of a former Howard Johnson hotel located at 1052 Boston Post Road, Milford, Connecticut. The Howard Johnson hotel has been out of business for over a year and the existing building is planned to be demolished as part of a redevelopment project. Thus, AT&T has an interest in and a need for a new tower facility in the area in order for AT&T to continue to provide

its services in this area of Milford, including the along I-95, Route 1/Boston Post Road, and the surrounding commercial and residential area.

The Council has admitted AT&T as an intervenor in previous dockets and AT&T proposes to participate in applications in support of the need to continue operating other facilities in this area of the State. For all the foregoing reasons, AT&T respectfully requests that it be named an intervenor in this proceeding.
