RE: **DOCKET NO. 503** - Arx Wireless Infrastructure, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located at 43 Osgood Avenue, New Britain, Connecticut.

Dear Attorney Pires:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than March 29, 2022.

Please submit an original and 15 copies to the Council's office and an electronic copy to siting.council@ct.gov. In accordance with the State Solid Waste Management Plan and in accordance with Section 16-50j-12 of the Regulations of Connecticut State Agencies, the Council requests all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Please be advised that the original and 15 copies are required to be submitted to the Council's office on or before the March 29, 2022 deadline.

Copies of your responses are required to be provided to all parties and intervenors listed in the service list, which can be found on the Council's website under the "Pending Matters" link.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

A handwritten signature in black ink, appearing to read "Melanie Bachman".

Melanie Bachman
Executive Director

Docket No. 503
D&M Plan Interrogatories
Set Two

7. Referencing the response to Council interrogatory 1, Sheet T-001, Scope of Work, Note 2, Arx Wireless Infrastructure, LLC notes that the tower will be a “104’ monopole expandable to 145’...” The tower structural design drawings from TAPP dated February 14, 2022 in the Development and Management Plan depict a 104-foot monopole, but such drawings do not appear to indicate that the tower is expandable in height beyond 104 feet. Please clarify if the tower and foundation design will accommodate an increase in tower height and, if so, indicate by how many feet.
