Re: Communication Tower Sites in Glastonbury

Dear Attorney Bachman:

Thank you for taking the time to talk with me recently on proposed new communication tower sites in Glastonbury. As we discussed, the Town will be working with a tower constructor/lessor to construct a communication tower at Town-owned property located at 311 Oakwood Drive. To assist in this process, we have conducted a formal request for proposal process and will be working to present a formal application to the Connecticut Siting Council.

Since I understand your office is in receipt of an application for an alternate site in Town located off Sequin Drive, I wanted to confirm the Town's plans as noted above and advise that the Oakwood Drive location is preferred by the Town. The requisite information is being prepared for a formal application to the Siting Council. In the meantime, I wanted to confirm the Town's intentions.

Many thanks. Should you require additional information or have any questions, please let me know.

Sincerely,

Richard J. Johnson
Town Manager
