RE: **DOCKET NO. 505** – Haddam Quarter Solar, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 2.8-megawatt-AC solar photovoltaic electric generating facility located south of Haddam Quarter Road and north of Johnson Lane, Durham, Connecticut and associated electrical interconnection.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) received the Development and Management Plan (D&M Plan) for the above-referenced solar photovoltaic electric generating facility on June 12, 2023. Section 16-50j-75(d) of the Regulations of Connecticut State Agencies, entitled, "Timing of plan" states: "The D&M plan shall be submitted to the Council, and the Council shall approve, modify, or disapprove the plan within 60 days after receipt of it...."

The current deadline for the Council to approve, modify, or disapprove the D&M Plan submitted for this facility is August 11, 2023. Upon review of interrogatory responses that were submitted on July 18, 2023, additional interrogatories are necessary, thus the Council will need additional time to review the D&M Plan. The Council hereby requests an extension of the D&M Plan decision deadline for Docket 505 until September 22, 2023. **Please respond in writing by July 28, 2023.**

We thank you in advance for your timely response to this matter.

Sincerely,

Melanie A. Bachman
Executive Director
