Re: Docket No. 506
New Cingular Wireless PCS LLC ("AT&T")
Proposed Wireless Telecommunications Tower Facility
499 Mile Road, Middletown, Connecticut

Dear Executive Director Bachman:

This letter and enclosures are respectfully submitted on behalf of New Cingular Wireless PCS LLC ("AT&T") in connection with the above referenced Certificate Application ("Application"). The Application was initially filed as a tower site sharing request and petition for a declaratory ruling (Petition No. 1465) on September 30, 2021 and was subsequently converted into a Certificate Application, which has been assigned Docket No. 506.

Enclosed are the newspaper publisher's original Affidavit of Publication of the Legal Notice published in the Middletown Press newspaper on two insertion dates of October 6, 2021 and October 7, 2021 in accordance with State statute and the Application Certification of Service.

A check payable to the "Connecticut Siting Council" in the amount of \$625, representing the additional filing fee is also enclosed.

Please incorporate the enclosed as part of the official record of the proceeding. Thank you.

Very truly yours,

A handwritten signature in black ink, appearing to read "Kristen Motel", is written over a light blue horizontal line.

GUESS I'LL TURN IT INTO A PENCIL HOLDER.

GO... DO I INVEST IN STRONGER MUGS OR MORE PENCILS?

PUBLIC NOTICES

NOTICE
Notice is hereby given, pursuant to Section 16-20g et seq. of the Connecticut General Statutes, as amended, and Section 10-20j, et seq. of the Regulations of Connecticut State Agencies, as amended, of how Greater Wireless PCS, LLC (GWP) is conducting its tower siting rule-making process. The GWP is conducting its tower siting rule-making process in accordance with the Connecticut State Code (C.S.C.) on September 30, 2021 and adopted Public Notice No. 164 (P.N.164) as an application for a Certificate of Environmental Compatibility and Public Hearing (C.E.C.P.H.) associated with the GWP.

AT&T seeks to install a second shorter tower at the existing City of Middletown tower site within an expanded compound enclosed boundary (CEB). The facility is proposed on the eastern side of the existing CEB located at the intersection of Middletown, Connecticut and owned by the City of Middletown. The tower is to be installed at the City of Middletown tower site which is currently owned by AT&T Intellectual Property and is now being used as a radio tower. The City of Middletown is seeking a Certificate of Environmental Compatibility and Public Hearing (C.E.C.P.H.) for the proposed facility. The proposed facility is an approximately 180 foot tower and a 60 foot guyed tower. The tower is to be installed at the existing CEB. The proposed facility is being installed to provide service to the City of Middletown. The proposed facility is being installed to provide service to the City of Middletown. The proposed facility is being installed to provide service to the City of Middletown.

NOTICE

Notice is hereby given, pursuant to Section 16-50g et seq. of the Connecticut General Statutes, as amended, and Section 16-50j-1 et seq. of the Regulations of Connecticut State Agencies, as amended, of New Cingular Wireless PCS, LLC (“AT&T”)’s conversion of its tower site sharing request and petition for a declaratory ruling that was filed with the Connecticut Siting Council (“Council”) on September 30, 2021 and assigned Petition No. 1465 (“Petition”) into an Application for a Certificate of Environmental Compatibility and Public Need (“Certificate”) assigned Docket No. 506.

AT&T seeks to install a second shorter tower at the existing City of Middletown tower site within an expanded compound adjacent thereto (“Facility”). The Facility is proposed on an approximately 23.72-acre parcel located at 499 Mile Lane in Middletown, Connecticut and owned by the City of Middletown that was previously part of the U.S. Army Reserve Center and is now serving in part as a fire training site. The City of Middletown’s existing communications facility consists of an approximately 180’ lattice tower and a fenced equipment compound. AT&T proposes to share the site and modify the existing facility by installing a 150’ monopole tower immediately adjacent to the existing tower, with nine (9) antennas at a centerline height of approximately 150’ above ground level (“AGL”). The monopole and expanded equipment compound are being designed to accommodate future collocations by additional wireless carriers. Associated unmanned equipment will be located within a 50-foot by 50-foot expanded area of the existing fenced equipment compound. Vehicle access to AT&T’s Facility would remain the same along the existing paved access drive that extends south of Mile Lane.

The location, height, and other features of the proposal are subject to review and potential change under the provisions of Connecticut General Statutes Sections 16-50g et. seq.

The Facility is proposed to allow wireless services to AT&T customers and first responders in the northern area of Middletown, particularly along Mile Lane, State Highway 3, Ridgewood Road and the surrounding roads, businesses, schools and neighborhoods. The Application materials further detail the need, purpose and benefits of the Facility and also describes the environmental impacts of the proposed Facility.

Interested parties and residents of Middletown, Connecticut are invited to review the Application materials as converted during normal business hours after October 6, 2021 at the following offices:

Connecticut Siting Council
10 Franklin Square
New Britain, Connecticut 06051

City & Town Clerk of Middletown
Ashley Flynn-Natale
City Hall 1st Floor
245 DeKoven Drive
Middletown, CT 06457

or the offices of the undersigned. A copy of the Application materials will also be available on the Connecticut Siting Council website: <https://www.ct.gov/cSc/site/default.asp> under Pending Matters. All inquiries should be addressed to the Connecticut Siting Council or to the undersigned.

**VIA CERTIFIED MAIL/
RETURN RECEIPT REQUESTED**

Re: New Cingular Wireless PCS, LLC ("AT&T")
Wireless Telecommunications Tower Facility
499 Mile Lane, Middletown, Connecticut

Dear Sir or Madam:

We are writing to you on behalf of our client New Cingular Wireless PCS, LLC ("AT&T") with respect to the above referenced matter. You may recall that we wrote to you on September 28, 2021 advising you of AT&T's tower site sharing request and petition for a declaratory ruling to be filed with the State of Connecticut Siting Council ("CSC"). That filing was made on September 30, 2021 and assigned Petition No. 1465.

The purpose of this second letter is to notify you in accordance with state statute that AT&T has elected to convert the Petition into an Application for a Certificate of Environmental Compatibility and Public Need ("Certificate") and which has been assigned Docket Number 506. This conversion is being made at the request of the City to give you as abutting property owners a greater opportunity to have your comments considered by the CSC and ensures that a public hearing will be conducted by the CSC.

None of the details of AT&T's proposal to install a second tower at the City owned property at 499 Mile Lane in Middletown have changed as part of this procedural conversion into a full Certificate application. The location, height and other features of the Facility are subject to review and potential change by the CSC under the provisions of Connecticut General Statutes §16-50g *et seq.* We encourage you to review the CSC's website where copies of the application materials can be found and please do not hesitate to contact us.

Very truly yours,

Christopher B. Fisher
Enclosure

cc: Kristen Motel, Esq., Cuddy & Feder LLP

NOTICE

Notice is hereby given, pursuant to Section 16-50g et seq. of the Connecticut General Statutes, as amended, and Section 16-50j-1 et seq. of the Regulations of Connecticut State Agencies, as amended, of New Cingular Wireless PCS, LLC ("AT&T")'s conversion of its tower site sharing request and petition for a declaratory ruling that was filed with the Connecticut Siting Council ("Council") on September 30, 2021 and assigned Petition No. 1465 ("Petition") into an Application for a Certificate of Environmental Compatibility and Public Need ("Certificate") assigned Docket No. 506.

AT&T seeks to install a second shorter tower at the existing City of Middletown tower site within an expanded compound adjacent thereto ("Facility"). The Facility is proposed on an approximately 23.72-acre parcel located at 499 Mile Lane in Middletown, Connecticut and owned by the City of Middletown that was previously part of the U.S. Army Reserve Center and is now serving in part as a fire training site. The City of Middletown's existing communications facility consists of an approximately 180' lattice tower and a fenced equipment compound. AT&T proposes to share the site and modify the existing facility by installing a 150' monopole tower immediately adjacent to the existing tower, with nine (9) antennas at a centerline height of approximately 150' above ground level ("AGL"). The monopole and expanded equipment compound are being designed to accommodate future collocations by additional wireless carriers. Associated unmanned equipment will be located within a 50-foot by 50-foot expanded area of the existing fenced equipment compound. Vehicle access to AT&T's Facility would remain the same along the existing paved access drive that extends south of Mile Lane.

The location, height, and other features of the proposal are subject to review and potential change under the provisions of Connecticut General Statutes Sections 16-50g et. seq.

The Facility is proposed to allow wireless services to AT&T customers and first responders in the northern area of Middletown, particularly along Mile Lane, State Highway 3, Ridgewood Road and the surrounding roads, businesses, schools and neighborhoods. The Application materials further detail the need, purpose and benefits of the Facility and also describes the environmental impacts of the proposed Facility.

Interested parties and residents of Middletown, Connecticut are invited to review the Application materials as converted during normal business hours after October 6, 2021 at the following offices:

Connecticut Siting Council
10 Franklin Square
New Britain, Connecticut 06051
