STATE OF CONNECTICUT  
CONNECTICUT SITING COUNCIL

The United Illuminating Company (UI) application for a Certificate of Environmental Compatibility and Public Need for the Milvon to West River Railroad Transmission Line 115-kV Rebuild Project that consists of the relocation and rebuild of its existing 115- kilovolt (kV) electric transmission lines from the railroad catenary structures to new steel monopole structures and related modifications to facilitate interconnection of the rebuilt 115-kV electric transmission lines at UI's existing Milvon, Woodmont, Allings Crossing, Elmwest and West River substations along approximately 9.5 miles of the Connecticut Department of Transportation's Metro-North Railroad corridor traversing the municipalities of Milford, Orange, West Haven and New Haven, Connecticut.

Docket No. 508  
May 23, 2022

The United Illuminating Company's Objection to the City of Milford's Motion for Additional Evidentiary Hearing and Amendment to the Procedural Schedule

The United Illuminating Company ("UI" or the "Company") respectfully objects to the motion for additional evidentiary hearing and for an amendment to the procedural schedule to allow the submission of additional testimony and interrogatories (collectively, the "Motion"), filed by the City of Milford (the "City") on May 20, 2022. UI objects to the Motion on the grounds that the Motion fails to address the City's need for an additional hearing, is contrary to the Council's customary procedures and for other reasons the Company wishes to raise during the May 24, 2022 evidentiary hearing (the "Hearing"). Without detailing the grounds for its objection in this filing, UI respectfully requests the Connecticut Siting Council (the "Council") reserve time at some point during the Hearing to allow the Company to present argument on the reasons why the Council should deny the Motion.

Respectfully submitted,

THE UNITED ILLUMINATING COMPANY
