RESPONSES OF THE CITY OF MIDDLETOWN TO TALIAS TRAIL PRE-HEARING
INTERROGATORIES, SET ONE

1. Please review the Middletown owned property on Newfield Street identified in the attachments below. Is the town open to offering this property as a potential location for a cell tower? If not, please provide an explanation.

Unknown. The City of Middletown did not offer any City-owned properties to AT&T, instead, the City of Middletown was approached by AT&T in 2017, who expressed interest in the Mile Lane facility for its First Net Program. After discussions and negotiations between AT&T and the City of Middletown's Mayor's Office and Central Communications Department, approvals were then obtained from the Public Safety Telecommunications Commission, Planning and Zoning Commission, Finance and Government Operations Commission, and the Common Council.

In order for the City of Middletown to represent that it would be open to having a cell tower located on another City-owned property, approvals will need to be received from those departments and commissions. To date, there are no agreements to locate a cell tower on other City-owned property, and no approvals on other City-owned property have been received.

2. Provide a map identifying any city-owned properties within a 4 mile radius of 499 Mile Lane and please comment on which properties Middletown would offer to AT&T to construct a tower.

See attached map showing all property owned by the City of Middletown within a 4 mile radius of 499 Mile Lane. Parcels outlined in yellow are City-owned. As stated in response to Interrogatory #1, the City of Middletown did not offer the 499 Mile Lane facility to AT&T, but was approached by AT&T who was interested in locating a cell tower on the property. Additionally, for the reasons set forth in the response to Interrogatory #1, it is unknown at this time whether the City of Middletown will agree to have a cell tower located on other City-owned properties.
