Re: Docket No. 508 - The United Illuminating Company Application for a Certificate of Environmental Compatibility and Public Need for the Milvon to West River Railroad Transmission Line 115-kV Rebuild Project

Dear Ms. Bachman:

Pursuant to Condition 2 of the Connecticut Siting Council's ("Council") August 18, 2022 Decision and Order regarding the Milvon to West River Railroad Transmission Line 115-kV Rebuild Project ("Project"), The United Illuminating Company ("UI") hereby submits to the Council for review and approval the following Development and Management Plan ("D&M Plan") which has been prepared in compliance with Sections 16-50j-60 through 16-50j-62 of the Regulations of Connecticut State Agencies. Because the Project will be constructed in four segments, UI is preparing four segment-specific D&M Plans, as well as a D&M Plan volume that contains information relevant to all Project segments.

Accordingly, UI hereby submits the D&M Plan for Segment 1: Elmwest Substation to West River Substation in the Cities of West Haven and New Haven:

- Volume 1 describes the segment-specific Project facilities and provides information relevant to the Project work on Segment 1.
- Volume 2 consists of Segment 1 maps and drawings at a scale. UI is providing the Council with one copy of the Segment 1 maps at 22"x34".
- Volume 3 provides plans and other information that apply to the Project as a whole (i.e., all four construction segments). Future segment-specific D&M Plans will incorporate Volume 3 by reference.

Page 2

UI expects to submit the D&M Plan for Segment 2 in July 2023 and the other two segment-specific D&M Plans by the end of 2023.

Additionally, enclosed is a motion for confidential treatment related to two attachments to the Species Protection Plan (Volume 3, Exhibit I) along with one confidential version of Volume 3.

Should the Council have any questions regarding this filing, please do not hesitate to contact me.

Very truly yours,
