Re: Docket No. 508 - The United Illuminating Company Application for a Certificate of Environmental Compatibility and Public Need for the Milvon to West River Railroad Transmission Line 115-kV Rebuild Project

Dear Ms. Bachman:

The United Illuminating Company hereby submits to the Connecticut Siting Council ("Council") its Motion for an extension of time to respond to the Council's request for a late-filed exhibit dated May 25, 2022 and the City of Milford's third set of interrogatories dated May 31, 2022.

An original and fifteen (15) copies of this filing will be mailed to the Council.

Should you have any questions regarding this letter, please do not hesitate to contact me.

Sincerely,

Raquel Herrera-Soto

STATE OF CONNECTICUT
CONNECTICUT SITING COUNCIL

The United Illuminating Company (UI) application for a Certificate of Environmental Compatibility and Public Need for the Milvon to West River Railroad Transmission Line 115-kV Rebuild Project that consists of the relocation and rebuild of its existing 115- kilovolt (kV) electric transmission lines from the railroad catenary structures to new steel monopole structures and related modifications to facilitate interconnection of the rebuilt 115-kV electric transmission lines at UI's existing Milvon, Woodmont, Allings Crossing, Elmwest and West River substations along approximately 9.5 miles of the Connecticut Department of Transportation's Metro-North Railroad corridor traversing the municipalities of Milford, Orange, West Haven and New Haven, Connecticut.

Docket No. 508
June 7, 2022

The United Illuminating Company's Motion for Extension of Time

Pursuant to Section 16-50j-22a(b) of the Regulations of Connecticut State Agencies,¹ The United Illuminating Company ("UI" or the "Company") hereby moves the Connecticut Siting Council (the "Council") for an extension of time until June 8, 2022 to file responses to the City of Milford's third set of interrogatories, issued on May 31, 2022 to UI (the "Interrogatories"), and the late-filed exhibit requested by the Council in a memorandum dated May 25, 2022² (the "LFE"). The Interrogatories and LFE are presently due on June 7, 2022.

¹ Section 16-50j-22a(b) of the Regulations of Connecticut State Agencies, in part states that "[a]ny party or intervenor may request that the Council take any action by filing a motion which clearly states the action sought and the grounds thereof."

² See Council Memorandum Regarding the Continuation of the Evidentiary Hearing Session on June 14, 2022, 05/25/22.

In the May 25, 2022 memorandum, the Council requests that UI file as a late-filed exhibit cost data for various components of the proposed project. In a similar manner, one of the Interrogatories requests that UI provide the same type of cost data for another component of the proposed project. Although UI has completed the necessary calculations to compute the requested project costs, the Company has not finished compiling copies of the reference sources that were used to make these calculations and creating maps of each of the route alternatives discussed. For this reason, to provide a thorough response and better substantiate the record, the Company needs an additional day to finish putting together the LFE and responses to the Interrogatories.

For the foregoing reasons, UI respectfully moves that the Council grant the Company's motion for an extension.

Respectfully Submitted,

THE UNITED ILLUMINATING COMPANY

Raquel Herrera-Soto
