Reference: Connecticut Siting Council Docket No. 509 -Application of Homeland Towers, LLC for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Telecommunications Facility at 1837 Ponus Ridge Road, New Canaan, Connecticut

Dear Attorney Rucci:

We represent Mark Buschmann, Trustee, an owner of property adjacent to 1837 Ponus Ridge Road, the subject of the above referenced application to the Connecticut Siting Council. I understand that you represent the property owner, 1837, LLC.

I am writing to request that your client allow our client access to 1837 Ponus Ridge Road for the purpose of conducting field investigations and studies as to its suitability for the proposed telecommunications facility. These investigations would potentially include invasive testing such as wetlands delineation, soils testing, and geotechnical analysis. If your client will allow such access, our client would be willing to enter into an indemnity agreement protecting your client in the event of injury to person or property during the course of such testing.

Please let me know if your client consents, and if so, I will forward you a draft indemnification agreement. Thank you for your attention to this matter.

Very truly yours,

MORIARTY, PAETZOLD & SHERWOOD
