- A2. *In or around October 2013. See the Colocation Application of AT&T dated October 25, 2013 included in Attachment 1.*
- Q3. Provide AT&T's site acquisition request document (the "SARF") regarding AT&T determination of need for a facility in the area of the proposed site and any map indicating a search locus (such as a "search ring") that was contemporaneously generated by AT&T.
- A3. *This response will be provided at a later date.*
- Q4. If Tarpon (or predecessor) obtained the site prior to receiving a formal search request from any carrier, provide the initial written communication to each carrier that announced the availability of the leased (optioned) site, or otherwise demonstrates the offering of the site to any carriers.

- b. If not, why not?
- A8. *See Applicants' Response to Siting Council Interrogatory #37.*
- Q9. In view of informal discussions between representatives of Tarpon and the Town of Westport, has Verizon done any analysis, formal or informal, of coverage and capacity for a cell tower located on property owned by the State of Connecticut Department of Transportation on Hales Road in Westport, identified as Assessor's Map D06; Lot 23?
- a. If so, provide a copy of any written analysis or summary of verbal analysis.
- b. If not, why not?
