

**STATE OF CONNECTICUT
CONNECTICUT SITING COUNCIL**

IN RE:

APPLICATION BY BARRETT OUTDOOR COMMUNICATIONS INC. FOR A CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY AND PUBLIC NEED FOR THE CONSTRUCTION, MAINTENANCE, AND OPERATION OF A TELECOMMUNICATIONS FACILITY LOCATED AT 200 EAST MAIN ROAD REAR, STRATFORD, CONNECTICUT	: : : : : : : : : :	DOCKET NO. 511 August 10, 2022
--	--	---

**REQUEST BY NEW CINGULAR WIRELESS PCS, LLC (“AT&T”)
TO INTERVENE IN THIS PROCEEDING**

New Cingular Wireless PCS, LLC d/b/a AT&T (“AT&T”) respectfully requests permission of the Connecticut Siting Council (the “Council”) to participate as an intervenor in the application and hearing process for Docket No. 511, pursuant to Section 16-50n of the Connecticut General Statutes (henceforth, the “C.G.S.”) and Section 16-50j-15 of the Regulations of Connecticut State Agencies (hereinafter, the “R.C.S.A.”).

AT&T is licensed by the Federal Communications Commission (the “FCC”) to construct and operate wireless communication networks that offer enhanced wireless communication services to the public throughout the United States of America, including the State of Connecticut. AT&T will be a tenant on the proposed tower. AT&T’s proposed wireless telecommunications facility would be incorporated into AT&T’s wireless network. AT&T has an interest in the application process to assist the Council in evaluating the public interest and need considerations set forth in Sections 16-50g and 16-50aa of the C.G.S. As described within the application materials submitted to the Council, AT&T’s network currently has an area of deficient coverage in Stratford, Connecticut along Interstate Route 95 and other roads, as well as the surrounding residences and businesses in this area. Therefore, AT&T has an interest in and a need for a wireless

facility on the proposed tower to provide wireless communication services to this area of the Town of Stratford. A wireless facility on the monopole at the proposed height will allow AT&T to provide the necessary coverage.

The Council has admitted AT&T as an intervenor in previous dockets. AT&T requests that it be named as an intervenor and be granted permission to participate in this proceeding in support of the need to provide wireless communication services coverage in this area of the State of Connecticut.

Respectfully submitted,

New Cingular Wireless PCS, LLC
