Dear Presiding Officer Morissette and Members of the Siting Council,

Please accept this letter as an update on the construction status/progress of Homeland's tower installation at 60 Vale Road, Brookfield, CT. The site was energized by Eversource on March 4, 2024. AT&T has installed their Walk-In-Cabinet (WIC) and generator and are currently working on the installation of their antennas. We will provide the Council with a final update once AT&T is operational.

Sincerely,

Raymond Vergati
