Re: **Docket No. 513 – Application of Cellco Partnership D/B/A Verizon Wireless for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Wireless Telecommunications Facility Off Mason Hill Road, Litchfield, Connecticut – Certificate Transfer**

Dear Attorney Bachman:

Pursuant to the provisions of Section 16-50k(b) of the General Statutes, Cellco Partnership d/b/a Verizon Wireless (“Cellco”) seeks Connecticut Siting Council (“Council”) approval to transfer the Docket No. 513 Certificate of Environmental Compatibility and Public Need (the “Certificate”) to The Towers LLC, a recently established joint venture between Cellco and Vertical Bridge REIT, LLC. The Towers LLC understands that it must comply with all terms, limitations and conditions contained in the Council’s Docket No. 513 Decision and Order and all subsequent Council approvals. The transfer of the Certificate was not contemplated at any point during or prior to the Docket No. 513 proceeding.

We respectfully request that this matter be placed on the next available Council agenda for consideration. Please contact me if you have any questions.

Sincerely,

Kenneth C. Baldwin
