Subject: Re: CSC Docket Number 517 - Keyes Interrogatories

Per that document posted: I think testimony can be submitted via email/print by January 16. Remember they are an AGENCY and you are the people that make law -- so submit it and if they deny it, you will add thi as obstruction of due process and violation of your constitutional right to redress your government (your employees)

I believe based on my texting with Nadezhda she already wrote a letter or testimony to CT Siting and received a response.

Text on page2 of the CT Siting Council:

Please be advised that the close of business at the Council office is 4:30 PM Monday through Friday. Direct testimony at the hearings is not permitted. This applies to all parties and intervenors.

The final deadline for submission of pre-filed testimony and responses to interrogatories is January 16, 2024.

Someone can copy this text and ask them tomorrow morning...

I don't know whether there is still a window to file but as the siting council will read whatever they receive it can't hurt to send a letter.

Hi all,

Please welcome Nadezhda Anikeev and Laura Hoeing to the group. Nadezhda lives in Redding and is part of Troop 15. She wishes to learn more about our group's efforts in opposing the cell tower. Laura Hoeing also lives in Redding and has years of research on the dangers of cell towers and radiation. Am I correct in saying that we are past the deadline for them to be able to file as intervenors, however they can still submit a written statement to the CT Siting Council? The letter should be emailed by *tomorrow* and then the original letter would need to be mailed overnight with fifteen copies so it arrives on Tuesday, January 9th, correct?

Sincerely,
Danielle

Hi all,

I have been contacted by someone in town named Nadezhda Anikeev who says she is from Troop 15. I would like to add her to this email chain, however I am waiting on her email address. She only contacted me via messenger in Facebook. I believe it is past the deadline for her to file as an intervenor, however she could still write a letter and send it tomorrow, correct?

Sincerely,
Danielle
