RE: **DOCKET NO. 519** - Cellco Partnership d/b/a Verizon Wireless application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located at 11 Chamberlain Road, East Windsor, Connecticut.  
**Extension of Completeness Review Period.**

Dear Attorney Baldwin:

The current deadline for a completeness review for the above-mentioned application is November 25, 2023. Due to the cancellation of the Connecticut Siting Council's (Council) November 23, 2023 regular meeting for the Thanksgiving holiday, the Council will need additional time for a completeness review for this application and therefore requests an extension until December 8, 2023.

The applicant's consent to the requested extension of time to deem the application complete shall have the effect of tolling the Federal Communications Commission (FCC) 150-day tower siting timeframe in accordance with Paragraph 49 of the FCC Declaratory Ruling issued on November 18, 2009 (FCC WT Docket No. 08-165). Please respond in writing **by noon on November 2, 2023**.

We thank you in advance for your timely response to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director
