

PUBLIC INFORMATION MEETING NOTICE

Homeland Towers, LLC and Cellco Partnership d/b/a Verizon Wireless will host a Public Information Meeting regarding its plans to construct a wireless telecommunications facility in the northwest portion of a 13.14-acre parcel of land at 124 Ague Spring Road in Haddam Neck, Connecticut.

The proposal calls for the construction of a 150-foot monopole tower, the installation of antennas on the tower and associated equipment and a diesel-fueled backup generator on the ground within fenced facility compound at the base of the tower. The tower and compound would be designed to accommodate up to four wireless carriers and the Town's emergency service providers, if a need exists. The telecommunications facility described above is under the exclusive jurisdiction of the Connecticut Siting Council pursuant to the provisions of Section 16-50g et seq. of the General Statutes.

A Public Information Meeting will be held on Thursday, October 12, 2023, at 7:00 p.m. in the Community Room in the Haddam Volunteer Fire Department Building, 439 Saybrook Road in Haddam.

If you have any questions about the proposal please contact Ray Vergati, Homeland Towers, LLC at (203) 297-6345, rv@homelandtowers.us or Kenneth C. Baldwin, Esq., Robinson & Cole LLP at 860-275-8345, kbaldwin@rc.com.

Re: **PUBLIC INFORMATION MEETING NOTICE**
Homeland Tower, LLC and Cellco Partnership d/b/a Verizon Wireless – Proposed
Telecommunications Facility at 124 Ague Spring Road, Haddam Neck, Connecticut

Dear Mr. Dallas and Ms. Mandro:

Homeland Towers, LLC (“Homeland”) and Cellco Partnership d/b/a Verizon Wireless (“Cellco”) will host a **Public Information Meeting on Thursday, October 12, 2023, at 7:00 p.m. (in the Community Room, Haddam Volunteer Fire Department, 439 Saybrook Road in Haddam)** to discuss its plans to construct a new wireless telecommunications facility on property at 124 Ague Spring Road in Haddam Neck (the “Property”).

The proposed telecommunications facility would be in the northwest portion of the Property. At this site, Homeland proposes to construct a 150-foot monopole tower within a fenced compound. Cellco’s antennas, remote radio heads and related equipment will be located at the top of the new tower. Equipment cabinets and a diesel-fueled backup generator will be located near the base of the tower within the fenced facility compound.

The proposed telecommunications facility is under the exclusive jurisdiction of the Connecticut Siting Council (“Council”) pursuant to the provisions of the Public Utilities and Environmental Standards Act, Conn. Gen. Stat. § 16-50g *et seq.* The Public Information Meeting is intended to provide the general public with information about the proposal prior to the filing of an application with the Council. A set of Project Plans for the proposed telecommunications facility are also attached to this letter.

There is a sizable dead zone along rt 154. In the event of an accident loss of life could occur if emergency help was delayed due to a communication blackout.

From the Fire house to the Library and Senior Center to the businesses on Bridge Rd, cell service is VERY poor, and unreliable. If there was an accident in those areas, you would have to walk to a land line, or drive to the center of Higganum to report an accident. Hopefully a cell tower could be located to remedy this problem.

I'd urge the carriers to go drive this stretch of rt. 154, think about possible emergency situations that a motorist, pedestrian, boater, or homeowner in this area could face. Then it will be clear about why we all want this done.

We need to have excellent cell service in Haddam. Cell phone is the way people communicate in the 21st century and it's time we catch up. Not having it puts business people who need to. E mobile at a disadvantage. We need to correct this problem immediately! I work at home and had to purchase a microcell in order to have cell service.
