RE: **DOCKET NO. 535** - The Towers, LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility and associated equipment located at 835 Norwich Worcester Turnpike (Route 169), Woodstock, Connecticut. **Intervenor Paska Nayden Motion to Continue/Reset Hearing Date, received September 4, 2025.**

Dear Paska Nayden:

At a public hearing held on September 9, 2025, the Connecticut Siting Council (Council) denied your September 4, 2025 Motion to Continue/Reset Hearing Date in the above-referenced matter, on the basis that your request for Intervenor status was granted during the public hearing held on July 31, 2025, you actively participated in the July 31, 2025 public hearing, including cross examination of the Applicant on the exhibits in the record, and the July 31, 2025 evidentiary hearing session was specifically continued to September 9, 2025 with a revised schedule that provided an opportunity for all parties and intervenors to submit additional interrogatories, responses to interrogatories and pre-filed testimony. In compliance with the Council's revised schedule, you submitted interrogatories to the Applicant on August 26, 2025, and the Applicant responded to the interrogatories on September 2, 2025.

Please contact our office if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melanie A. Bachman".
