Re: Docket 550 - Brookfield Husky Solar, LLC d/b/a Verogy application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 50-megawatt-AC solar photovoltaic electric generating facility and associated equipment on 9 parcels generally located east and west of Sterling Road (Route 14) along the Plainfield municipal boundary in Sterling, Connecticut; north of Sterling Hill Road along the Sterling municipal boundary and west of the intersection of Sugar Brook Road and Black Hill Road (Route 14) in Plainfield, Connecticut and associated electrical interconnection

Dear Ms. Bachman:

I am writing on behalf of my client, Brookfield Husky Solar, LLC (the "Applicant"), in connection with the above-referenced Docket. In response to information gleaned from yesterday's evidentiary hearing, the Applicant hereby is submitting 15 paper color copies of Appendix A to the Application (site drawings) to replace the black and white copies that were previously submitted to the Council. We are not submitting electronic copies of this submittal, since the electronic copies of these plans were previously submitted with the Application.

Should you have any questions concerning this submittal, please contact me or Kate Boucher of this office at your convenience.

Sincerely,

Lee D. Hoffman
