**Re: First Taxing District Water Department – Proposed Telecommunications Facility at  
173½ West Rocks Road, Norwalk, Connecticut**

Dear «Salutation»:

The First Taxing District Water Department of Norwalk (“FTD”) will be submitting an application to the Connecticut Siting Council (“Council”) on or about March 20, 2020, for the construction of a telecommunications facility in the City of Norwalk, Connecticut.

The proposed facility would consist of a new 130-foot monopole tower in the central portion of a 1.89 acre parcel at 173½ West Rocks Road in Norwalk. The tower and radio equipment will be installed within a 3,518 square foot fenced facility compound. Space has also been reserved for a propane-fueled backup generator and a fuel tank on the property, if necessary. Access to the facility would extend from West Rocks Road. Site plan drawings for the proposed facility are attached for your review. The location and other features of the proposed facility, including tower height, are subject to change under the provisions of Connecticut General Statutes § 16-50g et seq. and 47 U.S.C. § 1455e.

State law provides that owners of record of property which abuts a parcel on which a facility is proposed to be located must receive notice of the submission of this application. This notice is directed to you either because you may be an abutting land owner or as a courtesy notice.

March 12, 2020

Page 2

If you have any questions concerning the application, please direct them to either the Connecticut Siting Council or me. My address and telephone number are listed above. The Siting Council may be reached at its New Britain, Connecticut office at (860) 827-2935.

Very truly yours,

A handwritten signature in black ink, appearing to read "Kenneth C. Baldwin". The signature is fluid and cursive, with a long horizontal stroke at the end.

Kenneth C. Baldwin
