Docket 489
D&M Plan
Interrogatories
October 7, 2021

1. Provide an update on the current schedule for removal of the existing water tank facility and the installation of the new water tank. Approximately when would the approved tower facility be constructed?
2. Referencing Condition 2(f) of the Council's Decision and Order (D&O), provide the hours and days of the week for construction activities.
3. Referencing Condition 2(a) of the D&O and Docket 489 Finding of Fact (FOF) #40, provide the "finish/color" of the monopole. Would tower mounted equipment (e.g. antennas, remote radio heads, antenna mounts) be painted to match the color of the monopole?
4. Referencing FOF #86, would the compound fence have black vinyl privacy slats?
5. Referencing Sheet S-1 of the D&M Plan, the New Cingular Wireless PCS, LLC (AT&T) and Cellco Partnership d/b/a Verizon Wireless (Cellco) equipment pads only depict the backup generators. Please respond to the following:
 - a) Identify Cellco's and AT&T's radio equipment and battery backup cabinets on the equipment pads on this drawing; and
 - b) Sheets C-2 and S-1 identify 10-foot by 20-foot concrete pads for both carriers, and Sheet C-3, left side of sheet, indicates 5-foot by 10-foot equipment pad for the generators. Please correct the sheet(s) as necessary.
6. Referencing Sheet S-1 of the D&M Plan, "Canopy Support," provide the approximate heights of the ice canopies for AT&T's equipment pad; Cellco's equipment pad; and the propane tank equipment pad.
7. Referencing Sheet S-1, what is the status of Sprint Spectrum's (Sprint) and T-Mobile Northeast LLC's (T-Mobile) planned equipment pad(s) with radio equipment and battery cabinets? Sheet C-3 depicts these carriers as co-located on the tower, but no ground equipment is depicted in the D&M Plan. Please include Sprint's and T-Mobile's ground equipment and equipment pad(s) and canopies (including canopy height), as applicable, on Sheet S-1.
