RE: **DOCKET NO. 492** - Gravel Pit Solar Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 120-megawatt-AC solar photovoltaic electric generating facility on eight parcels generally located to the east and west of the Amtrak and Connecticut Rail Line, south of Apothecaries Hall Road and north of the South Windsor town boundary in East Windsor, Connecticut and associated electrical interconnection. **D&M Plan Revision.**

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated February 22, 2023 regarding a revision to the Partial Development and Management (D&M) Plans for the above-referenced facility that were approved by the Council on May 21, 2021 and February 14, 2022, respectively.

Pursuant to Regulations of Connecticut State Agencies (RCSA) §16-50j-62 (b), Council staff hereby approves a temporary change to Partial D&M Plans I and II to allow for Saturday work hours between 7:00 a.m. and 5:00 p.m. from February 25, 2023 through April 29, 2023 to conduct tree clearing, civil work and demolition work. The Saturday work hours are necessary to account for weather and saturated soil conditions.

This approval applies only to the request for temporary extended work hours, dated February 22, 2023.

Please be advised that deviations from the Council's Decision and Order and D&M Plan approvals are enforceable under the provisions of Connecticut General Statutes § 16-50u. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to RCSA § 16-50j-62.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director

MB/MP
